

JORG – DEVELOPING YOUR CAREER (2)

JO Jorg Brouwer

JO I think Unilever is a great place to develop your career because you can do so many things within Unilever. You can start at brand management, switch to sales, you can do different disciplines. You can learn a lot of things. You can work with big brands, with well-known brands in different marketplaces. So what you learn at university you can really bring that into place, and you can be, let's say, the guide of your own career. If you do good, new challenges will be offered to you.
