SM I have been in Unilever 12 years and I have never felt the need to work for any other company than Unilever, and the reason for that is evident if you look at my CV. Basically I have moved around the different parts of the business within Unilever. So the challenges that you face for instance in beverages as an RND person are very different from the challenges that you would face in laundry. For me, there really is no reason to go anywhere else other than Unilever.
