Redenomination

If stated in the relevant Final Terms, for Notes denominated in the currency of a member state of the European Union that has not adopted the euro, if that member state at a later stage adopts the euro, Notes may be redenominated in euro and/or exchanged for other Series of Notes denominated in euro. The relevant provisions applicable to any such redenomination are contained in Conditions 8C and 8D of the “*Terms and Conditions of the Notes*”.

Issuance in Series

Notes will be issued in series (each a “**Series**”) comprising one or more tranches (each a “**Tranche**”) of Notes of that Series issued on the same date. The Notes of each Series will be subject to identical terms (other than in respect of the issue date, the issue price, the first payment of interest and the denomination (all as indicated in the relevant Final Terms)), whether as to currency, interest or maturity or otherwise.

Maturity of Notes

Notes may have any maturity subject to compliance with all applicable legal or regulatory requirements. The Notes of each Series are subject to the terms and conditions agreed between the relevant Issuer and the relevant Dealer or other purchaser at or prior to the time of issuance of such Series, and will be specified in the relevant Final Terms. The terms and conditions applicable to the Notes of each Series will therefore be those set out on the face of the Notes and in the “*Terms and Conditions of the Notes*” below.

Early Redemption

Early redemption will be permitted for taxation reasons (as set out in Condition 7(b) of the “*Terms and Conditions of the Notes*” below). If stated as being applicable in the relevant Final Terms, early redemption will also be permitted at the option of the Issuer (in accordance with Condition 7(c)) and/or at the option of the holders of the Notes (in accordance with Condition 7(f)). The Issuer may also purchase Notes in accordance with Condition 7(g).

Redemption

Notes may be redeemable at par or at such other redemption amount as may be specified in the relevant Final Terms.

Interest Rates

Notes may be interest-bearing or non-interest-bearing. Interest (if any) may be at a fixed or floating rate.

Benchmark Discontinuation

In relation to Floating Rate Notes referencing a benchmark and where “Benchmark Discontinuation – Independent Adviser” is specified in the applicable Final Terms, if a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate, then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine, in consultation with the Issuer, a Successor Rate, failing which an Alternative Rate and, in either case, an Adjustment Spread, if any, and any Benchmark Amendments as described in Condition 6H.

See Condition 6H for further details.

In relation to Floating Rate Notes referencing Compounded SOFR or Weighted Average SOFR and where “Benchmark Discontinuation — ARRC SOFR” is specified in the applicable Final Terms, if the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Issuer will determine a Benchmark Replacement in accordance with the benchmark transition provisions described in Condition 6I.

See Condition 6I for further details.

For the avoidance of doubt, this is additional to existing Floating

Risk Factors	For a discussion of certain risk factors relating to the Issuers, the Guarantors and the Notes that prospective investors should carefully consider prior to making an investment in the Notes, see “ <i>Risk Factors</i> ”.

RISK FACTORS

The Issuers and the Guarantors believe that the following factors may affect their ability to fulfil their respective obligations under the Notes issued under the Programme or under the guarantee of the Notes. Most of these factors are contingencies which may or may not occur. In addition, risk factors which are specific to the Notes are also described below.

The Issuers and Guarantors believe that the factors described below represent all the material or principal risks inherent in investing in the Notes issued under the Programme, but the inability of the Issuers and Guarantors to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuers and Guarantors do not represent that the statements below regarding the risks of holding any Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Information Memorandum and reach their own views prior to making any investment decision.

The factors described below are presented in categories with the most material risk factor in each category, in the assessment of the Issuers and the Guarantors, taking into account the expected magnitude of their negative impact and the probability of their occurrence, presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor.

Words and expressions defined in the “Terms and Conditions of the Notes” below or elsewhere in this Information Memorandum have the same meanings in this section. In this Information Memorandum, references to “Unilever” refer to the Unilever Group.

Prospective investors should consider, among other things, the following:

Risk factors relating to the Issuers and the Guarantors and their businesses

Brand preference and customer relationships

Unilever’s success depends on the value and relevance of its brands and products to consumers around the world and on its ability to innovate and remain competitive.

Unilever is one of the world’s largest consumer goods companies, with a portfolio of over 400 brands, many of which are leading, global brands. Unilever’s business is structured around five Business Groups: Beauty and Wellbeing, Personal Care, Home Care, Nutrition and Ice Cream.

Consumer tastes, preferences and behaviours are changing more rapidly than ever before. Unilever sees a growing trend for consumers preferring brands which both meet their functional needs and have an explicit social or environmental purpose. Unilever monitors these market trends and collates consumer, customer and shopper insights in order to develop category and brand strategies.

Technological change is also disrupting Unilever’s traditional brand communication models such as television and print media advertising. Unilever invests in marketing and advertising to make its brands memorable and appealing. Unilever’s brand communication strategies are designed to optimise digital communication opportunities. Unilever develops and customises brand messaging content specifically for each of its chosen communication channels (both traditional and digital) to ensure that its messages reach its target customers. Unilever’s ability to develop and deploy the right communication, both in terms of messaging content and medium is critical to the continued strength of its brands, and failure to do so could result in reduced profits

and reduced growth. This risk is further discussed under “*Successful customer relationships are vital to Unilever’s business and continued growth*” below.

Unilever is dependent on creating innovative products that continue to meet the needs of its consumers and getting these new products to market with speed and the right messaging. Every Unilever product is based on an innovation crafted by Unilever’s experts in collaboration with its network of partners. Unilever translates its scientific discoveries into everyday products that improve people’s health, confidence, and wellbeing, while taking care to reduce the impact of Unilever’s operations and products on the planet. Unilever is constantly evolving alongside its consumers’ ever changing lives and tastes, in order to remain at the cutting-edge of science and technology. Failure to innovate, remain competitive and maintain the value and relevance of Unilever’s brands and products could result in reduced profits and reduced growth, which could in turn have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Successful customer relationships are vital to Unilever’s business and continued growth.

Maintaining strong relationships with Unilever’s existing customers and building relationships with new customers who have built new technology-enabled business models to serve changing shopper habits are necessary to ensure Unilever’s brands are well presented to its consumers and available for purchase at all times. Digital commerce continues to develop into a critical channel for growth. Unilever’s customers include hypermarkets and supermarkets as well as smaller proximity stores, and Unilever partners with global retailers and digital commerce marketplaces through to small family-owned stores. Unilever builds and maintains trading relationships across a broad spectrum of channels ranging from centrally managed multinational customers through to small traders accessed via distributors in many emerging markets. Unilever identifies changing shopper habits and builds relationships with new customers, such as those serving the digital commerce channel.

Unilever develops joint business plans with its key customers that include detailed investment plans and customer service objectives and regularly monitors progress. Unilever has developed capabilities for customer sales and outlet design which enable it to find new ways to improve customer performance and enhance its relationships. Unilever invests in technology to optimise order and stock management processes for its distributive trade customers.

The strength of Unilever’s customer relationships also affects its ability to obtain pricing and competitive trade terms. Failure of the measures described above or failure to maintain strong relationships with customers could negatively impact Unilever’s terms of business with affected customers and reduce the availability of its products to consumers, which could in turn result in reduced profits and reduced growth and have an adverse impact on the relevant Issuer and Guarantor(s) ability to fulfil their obligations under Notes issued under the Programme.

Portfolio management

Unilever’s strategic investment choices will affect the long-term growth and profits of its business.

Unilever’s growth and profitability are determined by its portfolio of Business Groups (see the risk factor “*Unilever’s success depends on the value and relevance of its brands and products to consumers around the world and on Unilever’s ability to innovate and remain competitive*” above, and the section of this Prospectus entitled “*Description of the Issuers and the Guarantors*”), geographies (i.e. the over 190 countries in which Unilever products are sold) and channels (i.e. the customers described in the risk factor “*Successful customer relationships are vital to Unilever’s business and continued growth*”) and how these evolve over time. If Unilever does not make optimal strategic investment decisions, then opportunities for growth and improved margin could be missed, which could result in reduced growth and reduced profits and have an adverse

impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme. Acquisitions and disposals may not deliver anticipated benefits, cost savings or synergies and could result in impairments or the incurrence of additional and/or contingent liabilities.

Climate change

Climate change and governmental actions to reduce such change may disrupt Unilever's operations and/or reduce consumer demand for its products.

Climate change is already impacting Unilever's business in various ways. Government action to reduce climate change such as the introduction of a carbon tax, land use regulations or product composition regulations which restrict or ban certain greenhouse gas intensive ingredients, could impact Unilever's business through higher costs or reduced flexibility of operations. Unilever is decarbonising its operations through eco-efficiency measures, powering its factories with renewable electricity, transitioning to renewable energy for heating and cooling and replacing climate harmful refrigerants. Unilever invests in new products and formulations so that its products work with less water, poor quality water or no water. Unilever monitors trends in raw material availability and pricing due to short-term weather impacts to ensure continued availability of input materials and integrate weather system modelling into its forecasting process. If the measures that Unilever takes to mitigate climate change are not, or are not perceived to be, successful in improving the sustainability of its business, or if similar measures taken by its competitors are perceived to be more successful, it could result in reduced profits and reduced growth.

Physical environment risks such as water scarcity could impact Unilever's operations or reduce demand for its products that require water during consumer use.

Increased frequency of extreme weather events such as high temperatures, hurricanes or floods could cause increased incidence of disruption to Unilever's supply chain, manufacturing and distribution network. Such incidents could affect the availability and price of the commodities, raw materials and food ingredients which are necessary for the manufacture of Unilever's products. If Unilever does not take action, climate change could result in increased costs, reduced profit and reduced growth and have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Plastic packaging

Unilever uses a significant amount of plastic to package its products. A reduction in the amount of virgin plastic Unilever uses, the use of recycled plastic and an increase in the recyclability of its packaging are critical to its future success.

Both consumer and customer responses to the environmental impact of plastic waste and emerging regulations by governments to tax or ban the use of certain plastics requires Unilever to find solutions to reduce the amount of plastic it uses, increase recycling post-consumer use and source recycled plastic for use in its packaging. Unilever is also dependent on the work of its industry partners to create and improve recycling infrastructure throughout the world.

Unilever is committed to reducing the amount of post-consumer plastic packaging waste going to landfill. Unilever aims to halve its use of virgin plastic by 2025 (against a 2019 baseline) by both reducing usage and accelerating use of recycled plastic. This requires Unilever to redesign products by considering multi-use packs, wider use of refills, recycling and using post-consumer recycled materials in innovative ways. Unilever is working on innovative solutions through new business models. The failure of these initiatives could adversely impact Unilever's reputation and ultimately result in reduced revenues and reduced growth.

There is a risk around finding appropriate replacement materials, but also due to high demand, the cost of recycled plastic or other alternative packaging materials could significantly increase in the foreseeable future

and this could impact Unilever's business performance. Unilever could also be exposed to higher costs as a result of taxes or fines if Unilever is unable to comply with plastic regulations, which would again impact its profitability and reputation.

Talent

A skilled workforce and agile ways of working are essential for the continued success of Unilever's business.

With the rapidly changing nature of work and skills, there is a risk that Unilever's workforce is not equipped with the skills required for the new environment that Unilever operates in.

Unilever's ability to attract, develop and retain a diverse range of skilled people is critical if Unilever is to compete and grow effectively.

This is especially true in Unilever's key growth markets where there can be a high level of competition for a limited talent pool. Unplanned employee turnover or a failure to recruit and train required talent could deplete Unilever's institutional knowledge base, reduce Unilever's competitive advantage or result in increased costs.

The loss of management or other key personnel or the inability to identify, attract and retain qualified personnel could make it difficult to manage the business and could adversely affect operations and financial results and have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Business operations

Unilever's business depends on purchasing materials, efficient manufacturing and the timely distribution of products to Unilever's customers.

As a global business, Unilever's supply chain network is exposed to potentially adverse events such as sanctions and embargoes, physical disruptions, environmental and industrial accidents, trade restrictions, system failures, political instability, pandemics or disruptions at a key supplier. Supply chain interruptions or restrictions could adversely impact Unilever's ability to make products, sell products and/or deliver orders to its customers, which could in turn adversely impact its business, financial condition and results of operations. The Russia-Ukraine war is an adverse event that has challenged and continues to challenge the continuity and cost of Unilever's supply chain.

Maintaining manufacturing operations whilst adhering to changing local regulations and meeting enhanced health and safety standards has proven possible but has required significant management. In addition, ensuring the operation of a global logistics network for both input materials and finished goods continues to present challenges and requires continued focus and flexibility. These factors could result in increased costs and reduced profits.

The cost of Unilever's products can be significantly affected by the cost of the underlying commodities and materials from which they are made. Fluctuations in these costs cannot always be passed on to the consumer through pricing, which could lead to reduced growth and reduced profits and have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Safe and high quality products

The quality and safety of Unilever's products are of paramount importance for its brands and reputation.

Unilever's product quality processes and controls are comprehensive, from product design to customer shelf. They are verified annually and regularly monitored through performance indicators that drive improvement activities. Unilever's key suppliers are externally certified, and the quality of material received is regularly monitored to ensure that it meets the rigorous quality standards that its products require. The risk that raw materials are accidentally or maliciously contaminated throughout the supply chain or that other product defects occur due to human error, equipment failure or other factors cannot be excluded. Unilever could decide to, or be required to, recall products due to suspected or confirmed product contamination or any other such deficiencies. Product recalls or market withdrawals could result in losses due to their costs, the destruction of product inventory and lost sales due to the unavailability of the product for a period of time.

Unilever could be adversely impacted if consumers lose confidence in the safety and quality of its products. Adverse publicity relating to such issues, whether or not valid, may damage certain of Unilever's brands and/or its reputation, discourage consumers from buying its products or cause production and delivery disruptions.

Even if a product liability claim is ultimately unsuccessful, has no merit, or is not pursued, the negative publicity surrounding assertions against Unilever's products or processes could adversely impact its business, financial condition and results of operations.

Furthermore, labelling errors can have potentially serious consequences for both consumer safety and brand reputation. Therefore, on-pack labelling needs to provide clear and accurate ingredient information in order that consumers can make informed decisions regarding the products they buy. Such factors could adversely impact Unilever's business, financial condition or results of operations.

Systems and information

Unilever's operations are increasingly dependent on IT systems and the management of information.

The cyber-attack threat of unauthorised access and misuse of sensitive information or disruption to operations continues to increase with the level of incidents rising year on year. As a global business, the size and complexity of Unilever's IT systems are significant, and its IT infrastructure and networks are spread across the geographic regions in which Unilever operates. The dedicated cybersecurity teams who operate Unilever's global IT security infrastructure may be unable to respond to all threats, and may fail to prevent service interruptions or security breaches resulting from attacks by malicious third parties. Such an attack could inhibit Unilever's business operations in a number of ways, including disruption to sales, production and cash flows, ultimately impacting its results.

In addition, increasing digital interactions with customers, suppliers and consumers place ever greater emphasis on the need for secure and reliable IT systems and infrastructure and careful management of the information that is in Unilever's possession to ensure data privacy given that the potential cost and reputational damage to Unilever of inadequate data security could be significant and have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Business transformation

Successful execution of business transformation projects is key to delivering their intended business benefits and avoiding disruption to other business activities.

In 2022, Unilever announced the Compass Organisation, a significant transformation to the way Unilever operates by simplifying Unilever's organisational structure through five new category-focused Business Groups (see the risk factor "*Unilever's success depends on the value and relevance of its brands and products to consumers around the world and on Unilever's ability to innovate and remain competitive*" above). The new Compass Organisation strategy represents a major change to the way Unilever operates. It has the potential to make Unilever a simpler and more transparent business, more expert in its categories and more responsive to fast-changing market dynamics. See note 1 to PLC's consolidated audited annual financial statements for the financial year ended 31 December 2022. Unilever is also continually engaged in major change projects, including acquisitions and disposals. These changes drive continuous improvement in Unilever's business and strengthen its portfolio and capabilities. Continued digitalisation of Unilever's business models and processes, together with enhancing data management capabilities, is a critical part of its transformation.

Unilever has an extensive programme of transformation projects. Failure to execute such initiatives successfully could result in under-delivery of the expected benefits and there could be a significant impact on the value of the business which in turn could have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Economic and political instability

Adverse economic conditions may affect one or more countries, regions or may extend globally.

Unilever is a global business that operates around the world and is exposed to economic and political instability that may reduce consumer demand for Unilever's products, disrupt sales operations and/or impact the profitability of its operations.

Recently, consumer goods companies such as Unilever have seen significant disruption and cost inflation coupled with increased geopolitical tensions, such as the Russia-Ukraine war or trade tensions between the United States and China. Further potential trade and economic sanctions risk causing a deep recession and global supply chain disruption (See also "*Unilever's business depends on purchasing materials, efficient manufacturing and the timely distribution of products to Unilever's customers*" above). The global energy crisis is leading to significantly higher energy prices and could disrupt Unilever's operations.

Government actions such as trade and economic sanctions and embargoes, fiscal policy, foreign exchange or price controls can impact on the growth and profitability of Unilever's local operations. Inflation and rising interest rates can result in lower levels of discretionary spending by consumers in the markets in which Unilever's products are sold, which could adversely affect Unilever's financial results. Continued input cost inflation may cause further reduction in Unilever's operating margin, to the extent that input cost inflation cannot be offset by price increases and higher savings.

Unilever has more than half of its turnover in emerging markets which can offer greater growth opportunities but also exposes Unilever to related economic and political volatility. Adverse economic conditions and inflation could result in reduced revenue and reduced profitability.

Treasury and Tax

Unilever is exposed to a variety of external financial risks in relation to Treasury and Tax.

The relative value of currencies can fluctuate widely and could have a significant impact on business results. Further, because Unilever consolidates its financial statements in euros it is subject to exchange risks associated with the translation of the underlying net assets and earnings of its foreign subsidiaries.

Unilever is also subject to the imposition of exchange controls by individual countries which could limit Unilever's ability to import materials paid in foreign currency or to remit dividends to the parent company.

A material shortfall in Unilever's cash flow could undermine Unilever's credit rating, impair investor confidence and restrict Unilever's ability to raise funds. In times of financial crisis, there is a further risk that Unilever may not be able to raise funds due to market illiquidity.

Unilever is exposed to counter-party risks with banks, suppliers and customers, which could result in financial losses.

Tax is a complex and evolving area where laws and their interpretation are changing regularly, leading to the risk of unexpected tax exposures. International tax reform remains a key focus of attention and any such reform could have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Ethical

Unilever's brands and reputation are valuable assets and the way in which Unilever operates, contributes to society and engages with the world around it is always under scrutiny both internally and externally.

Acting in an ethical manner, consistent with the expectations of customers, consumers and other stakeholders, is essential for the protection of the reputation of Unilever and its brands.

A key element of Unilever's ethical approach to business is to reduce inequality and promote fairness. Unilever's activities touch the lives of millions of people and it is Unilever's responsibility to protect their rights and help them live well. The safety of Unilever's employees and the people and communities it works with is critical. Failure to meet these high standards could result in damage to Unilever's corporate reputation and business results and have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Legal and Regulatory

Compliance with laws and regulations is an essential part of Unilever's business operations.

As a global consumer goods business, Unilever is subject to national and regional laws and regulations in such diverse areas as product safety, product claims, trademarks, copyright, patents, competition, health and safety, data privacy, the environment, corporate governance, listing and disclosure, employment and taxes.

Failure to comply with laws and regulations could expose Unilever to civil and/or criminal actions leading to damages, fines and criminal sanctions against it and/or its employees with possible consequences for its corporate reputation, which could have an adverse impact on Unilever's business, financial condition and results of operations. Changes to laws and regulations could have a material impact on Unilever's cost of doing business, which could have an adverse impact on its results of operations. Any such adverse impacts on Unilever's results of operations could have an adverse impact on the ability of the relevant Issuer and Guarantor(s) to fulfil their obligations under Notes issued under the Programme.

Risk Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

Risks relating to the structure of a particular issue of Notes

PLC and UNUS are holding companies and currently conduct substantially all of their operations through their subsidiaries. As a result, the right of a holder of a Note to receive payments on a Note issued by PLC or guaranteed by either PLC or UNUS is structurally subordinated to the other liabilities of the subsidiaries of PLC or UNUS, as applicable. Consequently, in the event of insolvency of PLC or UNUS, the claims of holders of Notes would be structurally subordinated to the prior claims of the creditors of those subsidiaries and affiliated companies.

Each of the Issuers may issue Notes in different series with different terms in amounts that are to be determined. Although any such Notes may be listed on a recognised stock exchange, there can be no assurance that an active trading market will develop for any Series of Notes. There can also be no assurance regarding the ability of holders of Notes to sell their Notes or the price at which such holders may be able to sell their Notes. If a trading market were to develop, the Notes could trade at prices that may be higher or lower than the initial offering price and this may result in a return that is greater or less than the interest rate on the Notes, depending on many factors, including, among other things, prevailing interest rates, Unilever's financial results, any change in Unilever's creditworthiness and the market for similar securities.

Potential investors should also note that if Clean-Up Call is specified in the relevant Final Terms as applicable, in the event that at least 75 per cent. of the initial aggregate principal amount of the Notes has been purchased and cancelled by the relevant Issuer, then such Issuer may, at its option, upon the expiry of the appropriate notice (as specified in Condition 7(d)) redeem all (but not some only) of the Notes at their Final Redemption Amount specified in the applicable Final Terms.

UFN is a finance company and is reliant on the business of the Group

UFN is a finance company established for the purpose of raising debt for the Unilever Group with no subsidiaries and no business operations of its own, other than raising financing for, advancing funds to, receiving funds from, and providing treasury services for, PLC and other members of the Group. Accordingly, UFN has no trading assets and does not generate trading income. Interest payments in respect of the Notes will effectively be paid from cash flows generated from the business of the Group. The ability of UFN to make payments on the Notes is therefore dependent on its rights to receive inter-company payments from PLC and other companies within the Group. If these payments are not made by PLC or other companies within the Group, for whatever reason, UFN would not expect to have any other sources of funds available to it that would be sufficient to make payments on the Notes. Accordingly, the ability of UFN to pay interest on and repay the Notes, and the ability of PLC to make payments in respect of its guarantee of Notes issued by UFN, will be subject to all the risks to which the Group is subject. See "*Risks relating to the Issuers and the Guarantors and their businesses*" above. See also "*The Issuers and Guarantors are dependent on cash flows from other Unilever Group companies*" below.

UCC is a finance company and is reliant on the business of the Group

UCC is a finance company established for the purpose of raising debt for the Unilever Group with no subsidiaries and no business operations of its own, other than raising financing for, advancing funds to, receiving funds from, and providing treasury services for, PLC and other members of the Group. Accordingly, UCC has no trading assets and does not generate trading income. Interest payments in respect of the Notes will effectively be paid from cash flows generated from the business of the Group. The ability of UCC to make payments on the Notes is therefore dependent on its rights to receive inter-company payments from PLC and other companies within the Group. If these payments are not made by PLC or other companies within the Group, for whatever reason, UCC would not expect to have any other sources of funds available to

it that would be sufficient to make payments on the Notes. Accordingly, the ability of UCC to pay interest on and repay the Notes, and the ability of PLC to make payments in respect of its guarantee of Notes issued by UCC, will be subject to all the risks to which the Group is subject. See “*Risks relating to the Issuers and the Guarantors and their businesses*” above. See also “*The Issuers and Guarantors are dependent on cash flows from other Unilever Group companies*” below.

Interest rate risks may impact the market value of Fixed Rate Notes

The Issuers may issue Notes which pay a fixed Rate of Interest. Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes. Whilst the Rate of Interest payable on Fixed Rate Notes is fixed, market interest rates typically change on a daily basis. As market interest rates change, the price of a Fixed Rate Note is likely to change in the opposite direction. If market interest rates increase, the price of a Fixed Rate Note typically falls, until the yield of such Fixed Rate Note is approximately equal to the market interest rate. Movements in the market interest rate can adversely affect the value of Fixed Rate Notes and could lead to losses for investors if they sell Fixed Rate Notes.

Risks related to Notes which are linked to “benchmarks”

The Issuers may issue Floating Rate Notes, the interest on which fluctuates according to fluctuations in a specified interest rate benchmarks (“**Benchmarks**”), such as the euro interbank offered rate (“**EURIBOR**”). Such Benchmarks have, in recent years, been the subject of political and regulatory scrutiny as to how they are created and operated. This has resulted in regulatory reform and changes to existing Benchmarks, with further changes anticipated. These reforms and changes may cause a Benchmark to perform differently than it has done in the past or to be discontinued. Any change in the performance of a Benchmark or its discontinuation could have a material adverse effect on any Notes referencing or linked to such Benchmark.

Benchmarks Regulation

Regulation (EU) 2016/1011 (the “**Benchmarks Regulation**”) applies, subject to certain transitional provisions, to the provision of Benchmarks, the contribution of input data to a Benchmark and the use of a Benchmark within the EU. It, among other things, (i) requires Benchmark administrators to be authorised or registered (or, if non-EU based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU-supervised entities of Benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a Benchmark, in particular, if the methodology or other terms of the relevant Benchmark are changed in order to comply with the requirements of the Benchmarks Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant Benchmark.

Discontinuation of EURIBOR

On 11 May 2021, the euro risk-free rate working group published its final recommendations on EURIBOR fallback trigger events and fallback rates. The recommended fallback triggers include both cessation and pre-cessation triggers, including, *inter alia*, permanent cessation, non-representativeness and (potentially) unlawfulness triggers (the working group recommended against a material change in the EURIBOR methodology as defined by the European Money Markets Institute being an automatic trigger). For debt securities, based on support for the proposals from the public consultation and issuances already observed in the capital markets, the working group recommended the replacement rate to be the euro short-term rate (“**€STR**”) with a backward-looking lookback period methodology (with an observation shift methodology, although use of the lag approach was considered a robust alternative) and applying an adjustment spread

based on a five-year historical median methodology. €STR was published for the first time on 2 October 2019 and the Euro Overnight Index Average (“EONIA”) rate has been reformed to reflect a fixed spread to €STR.

Although EURIBOR has been reformed in order to comply with the terms of the Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with €STR or an alternative benchmark. Any reform may cause EURIBOR to perform differently than it has done in the past and may have other consequences which cannot be predicted. The potential transition from EURIBOR to €STR or the elimination of EURIBOR or any other Benchmark, or changes in the manner of administration of any Benchmark, could require an adjustment to the Conditions of the Notes, or result in other consequences, in respect of any Notes referencing such Benchmark. Such factors may have (without limitation) the following effects on certain Benchmarks: (i) discouraging market participants from continuing to administer or contribute to a Benchmark; (ii) triggering changes in the rules or methodologies used in the Benchmark and/or (iii) leading to the disappearance of the Benchmark. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Notes linked to, referencing, or otherwise dependent (in whole or in part) upon, a Benchmark.

Benchmark Discontinuation – Independent Adviser

In the case of any Notes where “Benchmark Discontinuation – Independent Adviser” is specified in the applicable Final Terms, if a Benchmark Event (as defined in Condition 6H) (which, amongst other events, includes the permanent discontinuation of an Original Reference Rate) occurs, the Issuer shall use its reasonable endeavours to appoint an Independent Adviser. The Independent Adviser shall endeavour to determine, in consultation with the Issuer, a Successor Rate or Alternative Rate and, in either case, an Adjustment Spread, if any, to be used in place of the Original Reference Rate. The use of any such Successor Rate or Alternative Rate to determine the Rate of Interest will result in Notes linked to or referencing the Original Reference Rate performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form. In addition, a Benchmark Event includes, among other things, the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate is or will be (or is or will be deemed by such supervisor to be) no longer representative of its relevant underlying market. In such case, the rate of interest on the relevant Notes may therefore cease to be determined by reference to the Original Reference Rate and instead be determined by reference to a Successor Rate or Alternative Rate, even if the Original Reference Rate continues to be published. Such rate may be lower than the Original Reference Rate for so long as the Original Reference Rate continues to be published, and the value of and return on the relevant Notes may be adversely affected.

Furthermore, if a Successor Rate or Alternative Rate for the Original Reference Rate is determined by the Independent Adviser, the Conditions provide that the Issuer may vary the Conditions, as necessary to ensure the proper operation of such Successor Rate or Alternative Rate, without any requirement for consent or approval of the Noteholders.

If a Successor Rate or Alternative Rate is determined by the Independent Adviser, the Conditions also provide that an Adjustment Spread will be determined by the Independent Adviser and applied to such Successor Rate or Alternative Rate. The Adjustment Spread is (i) the spread, formula or methodology which is formally recommended in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body (which may include a relevant central bank, reserve bank, monetary authority, supervisory authority or group of central banks/supervisory authorities), (ii) if no such recommendation has been made, or in the case of an Alternative Rate, the spread, formula or methodology which the Independent Adviser determines is customarily applied to the relevant Successor Rate or the Alternative Rate (as the case may be) in international debt capital markets transactions to produce an industry-accepted replacement rate

for the Original Reference Rate, or (iii) if the Independent Adviser determines that no such spread is customarily applied, the spread, formula or methodology which the Independent Adviser determines and which is recognised or acknowledged as being the industry standard for over-the-counter derivative transactions which reference the Original Reference Rate, where such rate has been replaced by the Successor Rate or the Alternative Rate, as the case may be.

Accordingly, the application of an Adjustment Spread may result in the Notes performing differently (which may include payment of a lower Rate of Interest) than they would do if the Original Reference Rate were to continue to apply in its current form.

The Issuer may be unable to appoint an Independent Adviser or the Independent Adviser may not be able to determine a Successor Rate or Alternative Rate in accordance with the Conditions of the Notes, including due to the possibility that a licence or registration may be required under applicable legislation for establishing and publishing fallback interest rates.

Where the Issuer is unable to appoint an Independent Adviser or the Independent Adviser fails to determine a Successor Rate or Alternative Rate before the next Interest Determination Date, the Rate of Interest for the next succeeding Interest Period will be the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, or, where the Benchmark Event occurs before the first Interest Determination Date, the Rate of Interest will be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this paragraph shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in Condition 6H.

Applying the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event is likely to result in Notes linked to or referencing the relevant Benchmark performing differently (which may include payment of a lower Rate of Interest) than they would do if the relevant Benchmark were to continue to apply, or if a Successor Rate or Alternative Rate could be determined.

If the Issuer is unable to appoint an Independent Adviser or, the Independent Adviser fails to determine a Successor Rate or Alternative Rate for the life of the relevant Notes, the initial Rate of Interest, or the Rate of Interest applicable as at the last preceding Interest Determination Date before the occurrence of the Benchmark Event, will continue to apply to maturity. This will result in the Floating Rate Notes, in effect, becoming fixed rate Notes.

Where ISDA Determination is specified as the manner in which the Rate of Interest in respect of Floating Rate Notes is to be determined, the Conditions provide that the Rate of Interest in respect of the Notes shall be determined by reference to the relevant Floating Rate Option in the ISDA Definitions. Where the Floating Rate Option specified is an inter-bank offered rate (“**IBOR**”), the Rate of Interest may be determined by reference to the relevant screen rate or the rate determined on the basis of quotations from certain banks. If the relevant IBOR is permanently discontinued and the relevant screen rate or quotations from banks (as applicable) are not available, the operation of these provisions may lead to uncertainty as to the Rate of Interest that would be applicable, and may adversely affect the value of, and return on, the Floating Rate Notes.

Benchmark Discontinuation – ARRC SOFR

In the case of any Notes where “Benchmark Discontinuation – ARRC SOFR” is specified in the applicable Final Terms, if the Issuer determines that a Benchmark Transition Event and its related Benchmark Replacement Date have occurred prior to the Reference Time in respect of any determination of the Benchmark on any date, the Issuer will determine a Benchmark Replacement in accordance with the benchmark transition provisions described in Condition 6I. After such an event, interest on the relevant Notes will no longer be determined by reference to the Benchmark, but instead will be determined by reference to the applicable Benchmark Replacement.

The determination of a Benchmark Replacement, the calculation of the interest rate on the relevant Notes by reference to a Benchmark Replacement (including the application of a Benchmark Replacement Adjustment), any implementation of Benchmark Replacement Conforming Changes and any other determinations, decisions or elections that may be made under the terms of such Notes in connection with a Benchmark Transition Event, could adversely affect the value of such Notes, the return on such Notes and the price at which such Notes can be sold. Any Benchmark Replacement will likely be a relatively new market index that may be altered or discontinued.

The market continues to develop in relation to SONIA and SOFR as reference rates for Floating Rate Notes

Where the applicable Final Terms for a Series of Floating Rate Notes identify that the Rate of Interest for such Notes will be determined by reference to SONIA or SOFR, the Rate of Interest will be determined on the basis of Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR (as defined in the Conditions). Compounded Daily SONIA, Compounded Daily SOFR and Weighted Average SOFR are backward-looking, compounded, risk-free overnight rates which may behave materially differently to rates which are expressed on the basis of a forward-looking term. Furthermore, SOFR is a secured rate that represents overnight secured funding transactions, and therefore will perform differently over time to unsecured rates. For example, since publication of SOFR began in April 2018, daily changes in SOFR have, on occasion, been more volatile than daily changes in comparable benchmarks or other market rates.

Accordingly, prospective investors in any Notes referencing Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR should be aware that the market continues to develop in relation to SONIA and SOFR as reference rates in the capital markets and their adoption to replace Sterling London Interbank Offered Rate (“LIBOR”) and Dollar LIBOR, respectively. For example, market participants and relevant working groups are exploring alternative reference rates based on SONIA and SOFR, including term SONIA and SOFR reference rates (which seek to measure the market’s forward expectation of an average SONIA or SOFR rate over a designated term).

The market or a significant part thereof may adopt an application of SONIA or SOFR that differs significantly from that set out in the Conditions as applicable to Notes referencing a SONIA or SOFR rate that are issued under this Information Memorandum. Furthermore, the Issuer may in future issue Notes referencing SONIA or SOFR that differ materially in terms of interest determination when compared with any previous SONIA-, or SOFR-referenced Notes issued by it under the Programme. The continued development of SONIA and SOFR as interest reference rates for the Eurobond markets, as well as continued development of SONIA- or SOFR-based rates for such market and the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of any SONIA- or SOFR-referenced Notes issued under the Programme from time to time. The use of SONIA and SOFR as a reference rates for Eurobonds continues to develop both in terms of the substance of the calculation and in the development and adoption of market infrastructure for the issuance and trading of bonds referencing SONIA or SOFR.

Furthermore, the Rate of Interest on Notes which reference SONIA or SOFR is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference SONIA or SOFR to estimate reliably the amount of interest which will be payable on such Notes, and some investors may be unable or unwilling to trade such Notes without changes to their IT systems, both of which factors could adversely impact the liquidity of such Notes. Further, if Notes referencing SONIA or SOFR become due and payable as a result of a Default under Condition 10, or are otherwise redeemed early on a date which is not an Interest Payment Date, the final Rate of Interest payable in respect of such Notes shall be determined by reference to a shortened period ending immediately prior to the date on which the Notes become due and payable.

In addition, the manner of adoption or application of SONIA and SOFR reference rates in the Eurobond markets may differ materially compared with the application and adoption of SONIA and SOFR in other markets, such as the derivatives and loan markets. Investors should carefully consider how any mismatch between the adoption of SONIA or SOFR reference rates across these markets may impact any hedging or other financial arrangements which they may put in place in connection with any acquisition, holding or disposal of Notes referencing SONIA or SOFR.

Investors should carefully consider these matters when making their investment decision with respect to any such Notes.

The administrator of SONIA or SOFR may make changes that could change the value of SONIA or SOFR or discontinue SONIA or SOFR

The Bank of England or The New York Federal Reserve (or a successor), as administrator of SONIA and SOFR, respectively, may make methodological or other changes that could change the value of SONIA or SOFR, including changes related to the method by which SONIA or SOFR is calculated, eligibility criteria applicable to the transactions used to calculate SONIA or SOFR, or timing related to the publication of SONIA or SOFR. In addition, the administrator may alter, discontinue or suspend calculation or dissemination of SONIA or SOFR (in which case a fallback method of determining the interest rate on the Notes will apply). The administrator has no obligation to consider the interests of Noteholders when calculating, adjusting, converting, revising or discontinuing SONIA or SOFR.

Notes may be subject to optional redemption by an Issuer, which may limit the market value of the Notes

The Issuers may issue Notes that are callable, at the option of the relevant Issuer, either at certain times or at any time during the life of the Notes.

An optional redemption feature is likely to limit the market value of Notes. During any period when an Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

An Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

With respect to the Clean-up Call option by the Issuer (Condition 7(c)(4)), there is no obligation on the relevant Issuer to inform investors if and when the 75 per cent. threshold of the initial aggregate principal amount of a particular Series of Notes has been reached or is about to be reached, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise

of the Clean-up Call option, the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested.

Notes issued at a substantial discount or premium may be subject to greater fluctuations in their market value

The Issuers may issue Zero Coupon Notes or interest paying Notes which are issued at a discount and may issue Notes at a premium to par. The market values of securities, such as the Notes, which are issued at a substantial discount or premium to their nominal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Risks relating to Notes generally

Modifications, waivers and substitutions may be disadvantageous to Noteholders

The Conditions of the Notes contain provisions for calling meetings of Noteholders (including by virtual means via an electronic platform) to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions of the Notes also provide that (a) the Trustee may in certain circumstances, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes or (ii) determine without the consent of the Noteholders that any Event of Default or potential Event of Default shall not be treated as such and (b) the Trustee shall in certain circumstances, without the consent of Noteholders, agree to the substitution of another company as principal debtor under any Notes in place of the Issuer, in each case in the circumstances described in Condition 15.

The effect of the above provisions is that a Noteholder may be unable to prevent certain modifications, waivers and substitutions that might be disadvantageous to that Noteholder from being made in respect of the Notes in accordance with the Conditions of the Notes.

Changes in law may adversely affect the rights of Noteholders

The Conditions of the Notes are based on English law in effect as at the date of issue of the relevant Notes. No assurance can be given as to the impact on the Notes of any possible judicial decision or change to English law or administrative practice after the date of issue of the relevant Notes. Any such change could materially adversely impact the rights of the holders of the relevant Notes (or the ability of the holders of the Notes to exercise such rights) or the value of any Notes affected by any such change.

Notes where denominations involve integral multiples may make trading the Notes more difficult

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as defined in the Conditions) plus one or more higher integral multiples of another smaller amount, it is possible that the Notes may be traded in amounts that are not integral multiples of such minimum Specified Denominations. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination in their account with the relevant clearing system at the relevant time will not receive a definitive Note in respect of such holding (should definitive Notes be printed) and would need to purchase a principal amount of Notes such that they hold an amount equal to one or more Specified Denominations.

If definitive Notes are issued, holders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

The Issuers and Guarantors are dependent on cash flows from other Unilever Group companies

The ability of each of the Issuers and the Guarantors, as holding and/or finance companies, to meet its financial obligations is dependent upon the availability of cash flows from its subsidiaries and/or affiliated companies through which the business operations of the Unilever Group are conducted, through dividends, intercompany advances and other payments. Insufficient availability of such cash flows may have an adverse impact on the ability of each of the Issuers and the Guarantors to meet its payment obligations in respect of the Notes. See also “*Risks relating to the structure of a particular issue of Notes*”, “*UFN is a finance company and is reliant on the business of the Group*” and “*UCC is a finance company and is reliant on the business of the Group*”, and “*Description of the Issuers and the Guarantors – Dependencies*”.

No obligation to pay additional amounts if payments in respect of the Notes are subject to interest withholding tax in the Netherlands in certain circumstances

The Netherlands introduced a withholding tax on interest payments. This interest withholding tax applies to interest payments directly or indirectly made by a Dutch entity, like UFN, to affiliated entities (i) in low-tax jurisdictions designated as such by the Dutch Ministry of Finance (generally, a jurisdiction (a) with a corporation tax on business profits with a general statutory rate of less than 9 per cent., or (b) a jurisdiction included in the EU list of non-cooperative jurisdictions), or (ii) in certain abusive situations. Generally, an entity is considered to be affiliated (*gelieerd*) to another entity for these purposes if such entity, either individually or jointly if the entity is part of a collaborating group (*samenwerkende groep*), has a decisive influence on the other entity's decisions, in such a way that it, or the collaborating group of which it forms part, is able to determine the activities of such other entity. An entity, or the collaborating group of which it forms part, that holds more than 50 per cent. of the voting rights in UFN, or in which UFN holds more than 50 per cent. of the voting rights, is in any event considered to be affiliated. An entity is also considered to be affiliated if a third party holds more than 50 per cent. of the voting rights both in such entity and UFN.

In case payments made by UFN in respect of the Notes are subject to this interest withholding tax, UFN will make the required withholding of such taxes for the account of the relevant Noteholders without being obliged to pay any additional amounts to the relevant Noteholders in respect of the interest withholding tax. Prospective investors in the Notes should consult their own tax advisers as to whether this interest withholding tax could be relevant to them.

Risks related to the market generally

The secondary market may not be liquid, which may make trading the Notes more difficult

Although application has been made to Euronext Amsterdam N.V. for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this document to be admitted to trading on Euronext Amsterdam, the Notes have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a material adverse effect on the market value of Notes and volatility may also be increased in an illiquid market, and this may be exacerbated if a significant portion of any Notes are held by a limited number of initial investors. If the financial condition of the Issuer and the relevant Guarantor(s) were to deteriorate significantly, liquidity may be reduced with the result that Noteholders may find it difficult to sell their Notes, or may only be able to sell their Notes at a price which may be significantly lower than the price at which they purchased their Notes. In such a sale, investors may lose some or substantially all of their investment in the Notes.

Exchange rate risks and exchange controls could adversely affect the return on a Noteholder's investment in the Notes

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Each of UFN, UCC, PLC and UNUS declares that, to the best of its knowledge, the information contained in this Information Memorandum is in accordance with the facts and the Information Memorandum makes no omission likely to affect the import of such information.

A reference in this Information Memorandum to “Moody’s” shall be a reference to Moody’s Investors Service Ltd, and “S&P” means S&P Global Ratings Europe Limited. Each of Moody’s and S&P is established in the European Union (the “EU”) and registered under Regulation (EC) No. 1060/2009, as amended (the “**CRA Regulation**”). As such, each of Moody’s and S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority (“ESMA”) on its website in accordance with the CRA Regulation. Tranches of Notes to be issued under the Programme will be rated or unrated. Where a Tranche of Notes is to be rated, such rating will not necessarily be the same as the rating assigned to the Programme. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

Any Notes issued under the Programme by the completion of the Final Terms or, in the case of Exempt Notes, the Pricing Supplement on or after the date of this Information Memorandum are issued subject to the provisions hereof. “Final Terms” means the terms set out in a Final Terms document substantially in the form set out in this Information Memorandum and “Pricing Supplement” means the terms set out in a Pricing Supplement document substantially in the form set out in this Information Memorandum. In the case of Exempt Notes, each reference in this Information Memorandum to the relevant Final Terms shall be read and construed as a reference to the relevant Pricing Supplement unless the context requires otherwise.

This Information Memorandum should be read and construed with any amendment or supplement hereto, with any Final Terms document and with any of the documents incorporated herein by reference (see “*Documents Incorporated by Reference*” below). Each of the documents incorporated by reference forms part of this Information Memorandum.

Other than in relation to the documents which are deemed to be incorporated by reference (see “*Documents Incorporated by Reference*” below), the information on the websites to which this Information Memorandum refers does not form part of this Information Memorandum and has not been scrutinised or approved by the AFM.

An investor intending to acquire or acquiring any securities from an offeror will do so, and offers and sales of the securities to an investor by an offeror will be made, in accordance with any terms and other arrangements in place between such offeror and such investor including as to price, allocations and settlement arrangements. The Issuers will not be a party to any such arrangements with investors in connection with the offer or sale of the securities and, accordingly, this Information Memorandum and any Final Terms will not contain such information and an investor must obtain such information from the offeror.

PLC and its group companies (including UFN and UCC) are together referred to in this Information Memorandum as “Unilever”, the “Unilever Group” or the “Group”. For such purposes, “group companies” means those companies required to be consolidated in accordance with United Kingdom legislative

requirements relating to consolidated accounts. PLC and its group companies together constitute a single group for the purpose of meeting those requirements.

Neither the Issuers nor the Guarantors have authorised the making or provision of any representation or information regarding the Issuers, the Guarantors, the Unilever Group or the Notes other than as contained in this Information Memorandum or any Final Terms. Any such representation or information may not be relied upon as having been authorised by the Issuers, the Guarantors, the dealers and managers referred to under “Subscription and Sale” below (the “**Dealers**”) or any of them.

No representation or warranty is made or implied by the Dealers or any of their respective affiliates in their capacity as such, and neither the Dealers nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained herein. Neither the delivery of this Information Memorandum or any Final Terms nor the offering, sale or delivery of any Note shall in any circumstances constitute a representation or create any implication that there has been no change in the financial situation or the affairs of the Issuers or the Guarantors or the Group since the date hereof or, as the case may be, the date on which this document has been most recently amended or supplemented or the balance sheet date of the most recent financial statements which are deemed to be incorporated into this document by reference.

The Notes may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 Prospectus Exemptions or subsection 73.3(1) of the Securities Act (Ontario), and are permitted clients, as defined in National Instrument 31-103 Registration Requirements, Exemptions and Ongoing Registrant Obligations. Any resale of the Notes must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws. Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this Information Memorandum (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser’s province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser’s province or territory for particulars of these rights or consult with a legal advisor.

The distribution of this Information Memorandum and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Information Memorandum comes or who deal in the Notes are required by the Issuers, the Guarantors and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on distribution of this Information Memorandum or any Final Terms and other offering material relating to the Notes, see “*Subscription and Sale*” below.

In particular, the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**Securities Act**”), or any relevant securities laws of any state of the United States of America and are subject to U.S. tax law requirements. Subject to certain exceptions, the Notes may not be offered, sold or delivered in the United States or to or for the account or benefit of U.S. persons, as such terms are defined in Regulation S under the Securities Act, see “*Subscription and Sale*” below.

Neither this Information Memorandum nor any Final Terms may be used for the purpose of an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such an offer or solicitation.

Neither this Information Memorandum nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuers, the Guarantors or the Dealers that any recipient of this Information Memorandum should subscribe for or purchase any

Notes. Each recipient shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuers and the Guarantors.

In this Information Memorandum, references to a “**Member State**” are references to a Member State of the EEA, references to “**U.S.\$**”, “**U.S. Dollars**” and “**United States Dollars**” are to the lawful currency of the United States of America, references to “**£**” and “**sterling**” are to the lawful currency of the United Kingdom and references to “**€**” and “**euro**” are to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended (the “**Treaty**”).

Each potential investor in any Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the relevant Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Information Memorandum or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the relevant Notes, including where the currency for principal or interest payments is different from the potential investor’s currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor’s overall investment portfolio.

One or more independent credit rating agencies may assign credit ratings to an issue of Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. Changes in methodology and criteria used by such credit agencies could also result in downgrades to the credit ratings initially assigned to an issue of Notes that do not reflect changes in general economic conditions or the Issuers’ financial condition. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) Notes are legal investments for it, (2) Notes can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

Forward-looking statements

This document may contain forward-looking statements. Words such as ‘expects’, ‘anticipates’, ‘intends’, ‘believes’ or the negative of these terms and other similar expressions of future performance or results and their negatives are intended to identify such forward-looking statements. These forward-looking statements are based upon current expectations and assumptions regarding anticipated developments and other factors affecting the Group. They are not historical facts, nor are they guarantees of future performance. Because these forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements.

MiFID II product governance / target market – The Final Terms in respect of any Notes may include a legend entitled “MIFID II PRODUCT GOVERNANCE” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “**distributor**”) should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the “**MiFID Product Governance Rules**”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID Product Governance Rules.

UK MiFIR product governance/target market – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR PRODUCT GOVERNANCE” which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any distributor should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “**UK MiFIR Product Governance Rules**”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the product governance rules set out in the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the “**PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the UK. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of UK domestic

law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the “**EUWA**”); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (the “**FSMA**”) and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by the PRIIPs Regulation as it forms part of UK domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Benchmarks Regulation

Amounts payable under the Notes may be calculated by reference to the Euro Interbank Offered Rate (“**EURIBOR**”) which is administered by the European Money Markets Institute (“**EMMI**”), the Sterling Overnight Index Average (“**SONIA**”), which is administered by the Bank of England or the Secured Overnight Financing Rate (“**SOFR**”) which is provided by the Federal Reserve Bank of New York. As at the date of this Information Memorandum, EMMI appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (“**ESMA**”) pursuant to Article 36 of the Benchmarks Regulation. As far as the Issuers are aware, the Bank of England, as administrator of SONIA, is not required to be registered by virtue of Article 2 of the Benchmarks Regulation.

Singapore SFA Product Classification: In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (as modified or amended from time to time, the “**SFA**”) and the Securities and Futures (Capital Markets Products) Regulations 2018 of Singapore (the “**CMP Regulations 2018**”), unless otherwise specified in the Final Terms in relation to any Notes, each Issuer has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA), that the Notes are ‘prescribed capital markets products’ (as defined in the CMP Regulations 2018) .

STABILISATION

IN CONNECTION WITH THE ISSUE OF ANY TRANCHE OF NOTES UNDER THE PROGRAMME, ONE OR MORE RELEVANT DEALERS (THE “STABILISATION DEALER/MANAGER(S)”) (OR PERSONS ACTING FOR THE STABILISATION DEALER/MANAGER(S)) MAY OVER-ALLOT NOTES OR EFFECT TRANSACTIONS WITH A VIEW TO SUPPORTING THE MARKET PRICE OF THE NOTES AT A LEVEL HIGHER THAN THAT WHICH MIGHT OTHERWISE PREVAIL. HOWEVER, STABILISATION MAY NOT NECESSARILY OCCUR. ANY STABILISATION ACTION MAY BEGIN ON OR AFTER THE DATE ON WHICH THE ADEQUATE PUBLIC DISCLOSURE OF THE FINAL TERMS OF THE OFFER OF THE RELEVANT TRANCHE OF NOTES IS MADE AND, IF BEGUN, MAY BE ENDED AT ANY TIME, BUT IT MUST END NO LATER THAN THE EARLIER OF 30 DAYS AFTER THE ISSUE DATE OF THE RELEVANT TRANCHE OF NOTES AND 60 DAYS AFTER THE DATE OF THE ALLOTMENT OF THE RELEVANT TRANCHE OF NOTES. ANY STABILISATION ACTION OR OVER-ALLOTMENT SHALL BE CONDUCTED IN ACCORDANCE WITH ALL APPLICABLE LAWS AND RULES.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion and as supplemented or varied in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes in definitive form (if any) issued in exchange for the Global Note(s) representing each Series. Either (i) the full text of these terms and conditions together with the relevant provisions of Part A of the Final Terms or (ii) these terms and conditions as so completed, supplemented or varied (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on such Bearer Notes or on the Certificates relating to such Registered Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in Part A of the relevant Final Terms. References in the Conditions to “Notes” are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are constituted by a trust deed dated 16 May 2023 (the “**Trust Deed**”, which expression shall include any amendments or supplements thereto or any restatement thereof) made between Unilever Finance Netherlands B.V. (“**UFN**”), Unilever PLC (“**PLC**”) and Unilever Capital Corporation (“**UCC**”) as issuers (the “**Issuers**” and each an “**Issuer**”, which expression shall include any Group Company (as defined below) which becomes an Issuer as contemplated by Condition 15 or 17), PLC and Unilever United States, Inc. (“**UNUS**”) as guarantors of the Notes as hereinafter described (the “**Guarantors**” and each a “**Guarantor**”) and The Law Debenture Trust Corporation p.l.c. (the “**Trustee**”, which expression shall include any successor to The Law Debenture Trust Corporation p.l.c. in its capacity as such) as trustee for the holders of each Series of the Notes (the “**Noteholders**”). Pursuant to the Trust Deed, the Notes issued by (i) UFN (the “**UFN Notes**”) are guaranteed unconditionally and irrevocably on a joint and several basis by PLC and UNUS, (ii) PLC (the “**PLC Notes**”) are guaranteed unconditionally and irrevocably by UNUS and (iii) UCC (the “**UCC Notes**” and, together with the UFN Notes and the PLC Notes, the “**Notes**”) are guaranteed unconditionally and irrevocably on a joint and several basis by PLC and UNUS.

These terms and conditions (the “**Conditions**”) are summaries of, and are subject to, the detailed provisions of the Trust Deed, which includes the form of the Bearer Notes, Certificates, Coupons and Talons referred to below. A paying agency agreement dated 22 July 1994 (the “**Paying Agency Agreement**”, which expression shall include any amendments or supplements thereto or any restatement thereof) has been entered into between UFN, PLC, UNUS and UCC in their capacities as Issuers and Guarantors (as applicable), Deutsche Bank AG, London Branch as principal paying agent (the “**Principal Paying Agent**”, which expression shall include any successor to Deutsche Bank AG, London Branch in its capacity as such and any substitute or additional principal paying agent appointed in accordance with the Paying Agency Agreement), the paying agents named therein (the “**Paying Agents**”, which expression shall, unless the context otherwise requires, include the Principal Paying Agent and any substitute or additional paying agents appointed in accordance with the Paying Agency Agreement), the registrar for the time being (the “**Registrar**”), the transfer agents for the time being (the “**Transfer Agents**”) (which expression shall include the Registrar) and the Trustee. Noteholders and the holders of the interest coupons relating to interest bearing Notes in bearer form (the “**Coupons**”) and, where applicable in the case of such Notes, talons for further Coupons (the “**Talons**”) (the “**Couponholders**”) are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed and the Paying Agency Agreement which are applicable to them. Copies of the Trust Deed and the Paying Agency Agreement are available for inspection during normal business hours at the registered office for the time being of the Trustee (being at the date of this Information Memorandum at Eighth Floor, 100 Bishopsgate, London EC2N 4AG) and at the specified office of each of the Paying Agents.

The Notes are issued in series (each a “**Series**”), and each Series may comprise one or more tranches (“**Tranches**” and each a “**Tranche**”) of Notes. Each Tranche will be the subject of final terms or a pricing supplement (“**Final Terms**”) prepared by, or on behalf of, the Issuer, a copy of which will, in the case of a

Tranche of Notes which is to be listed on the Euronext in Amsterdam (“**Euronext Amsterdam**”) and/or the Stock Exchange of Hong Kong and/or the Singapore Exchange, be lodged with Euronext Amsterdam and/or the Stock Exchange of Hong Kong and/or the Singapore Exchange and be available for inspection at the specified office of each of the Paying Agents appointed in respect of such Notes.

In these Conditions, unless otherwise expressly stated, references to Notes are to Notes of the relevant Series, references to Coupons are to Coupons appertaining to interest bearing Notes in bearer form of the relevant Series, references to the Issuer are to the Issuer of such Notes, references to the Guarantor(s) are references to the Guarantor(s) of such Issuer’s obligations under such Notes and references to the Paying Agents are references to the Paying Agents appointed in respect of such Notes. Subject thereto, capitalised terms shall, unless defined herein, have the meanings ascribed thereto in the Trust Deed.

1 Form and Denomination

- (a) The Notes are issued in bearer form (“**Bearer Notes**”) or in registered form (“**Registered Notes**”). UCC may only issue Registered Notes. Each Note is a Fixed Rate Note, a Floating Rate Note or a Zero Coupon Note or a combination of any of the foregoing. All payments in respect of each Note shall be made in the currency shown on its face.

Bearer Notes

- (b) Each Tranche of Bearer Notes will be represented upon issue by a temporary global note (a “**Temporary Global Note**”) in substantially the form (subject to amendment and completion) scheduled to the Trust Deed and, if so specified in the relevant Final Terms, such Temporary Global Note shall be a New Global Note. On or after the date (the “**Exchange Date**”) which is 40 days after the completion of distribution of the Bearer Notes of the relevant Tranche and provided certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in the form set out in the Temporary Global Note or such other form as may replace it) has been received, interests in the Temporary Global Note may be exchanged for:
 - (i) interests in a permanent global note (a “**Permanent Global Note**”) representing the Bearer Notes of that Tranche and in substantially the form (subject to amendment and completion) scheduled to the Trust Deed; or
 - (ii) definitive Bearer Notes in bearer form (“**Definitive Notes**”) which will be serially numbered and in substantially the form (subject to amendment and completion) scheduled to the Trust Deed.

If interests in the Temporary Global Note are exchanged for interests in a Permanent Global Note pursuant to sub-paragraph (i) above, interests in such Permanent Global Note may thereafter be exchanged for Definitive Notes described in sub-paragraph (ii) above.

Each exchange of an interest in a Temporary Global Note for an interest in a Permanent Global Note or for a Definitive Note, and each exchange of an interest in a Permanent Global Note for a Definitive Note, shall be made outside the United States.

- (c) If any date on which a payment of interest is due on the Bearer Notes of a Tranche occurs while any of the Bearer Notes of that Tranche are represented by the Temporary Global Note, the related interest payment will be made on the Temporary Global Note only to the extent that certification as to the beneficial ownership thereof as required by U.S. Treasury regulations (in the form set out in the Temporary Global Note or such other form as may replace it) has been received by Euroclear Bank SA/NV (“**Euroclear**”), Clearstream Banking S.A. (“**Clearstream, Luxembourg**”) or any other

relevant clearing system. Payments of principal or interest (if any) on a Permanent Global Note will be made through Euroclear or Clearstream, Luxembourg without any requirement for certification.

If so specified in the relevant Final Terms, interests in a Permanent Global Note will be exchangeable in whole (but not in part only), at the option of the holder of such Permanent Global Note and in accordance with the rules and procedures for the time being of Euroclear, Clearstream, Luxembourg and/or any other relevant clearing system and, unless otherwise specified in the relevant Final Terms, at the Issuer's cost, for Definitive Notes. In order to exercise such option, the holder must, not less than 45 days before the date on which delivery of Definitive Notes in global or definitive form is required, deposit the relevant Permanent Global Note with the Principal Paying Agent with the form of exchange notice endorsed thereon duly completed. Interests in a Permanent Global Note will, in any event, be exchangeable in whole (but not in part only) at the cost of the Issuer, for Definitive Notes:

- (i) if any Bearer Note of the relevant Series becomes due and repayable following a Default (as defined in Condition 10A), or
- (ii) if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system should cease to operate as a clearing system (other than by reason of public holiday) or should announce an intention permanently to cease business and it shall not be practicable to transfer the relevant Notes to another clearing system within 90 days.

In relation to any issue of Bearer Notes which are represented by a Temporary Global Note which is expressed to be exchangeable for Definitive Notes or an issue of Bearer Notes which are represented by a Permanent Global Note exchangeable for Definitive Notes at the option of the holder, such Bearer Notes shall be tradeable only in principal amounts of at least the Specified Denomination (or if more than one Specified Denomination, the lowest Specified Denomination) and multiples thereof. The exchange upon notice option should not be expressed to apply in the relevant Final Terms if the Specified Denomination of the Bearer Notes includes language substantially to the following effect: "€100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000." Furthermore, such Specified Denomination construction is not permitted in relation to any issue of Bearer Notes which is to be represented on issue by a Temporary Global Note exchangeable for Definitive Notes.

- (d) Interest-bearing Definitive Notes will have attached thereto at the time of their initial delivery Coupons, the presentation of which will be a prerequisite to the payment of interest in certain circumstances specified below. Interest-bearing Definitive Notes will also, if applicable, have attached thereto, at the time of their initial delivery, a Talon for further coupons and the expression "Coupons" shall, where the context so permits, include Talons.
- (e) The following legend will appear on all Bearer Notes with maturities of more than 365 days and (in the case of Definitive Notes) on Coupons and Talons appertaining thereto:

"Any United States person who holds this obligation will be subject to the limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code".

The Internal Revenue Code sections referred to above provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, Coupons or Talons and will not be entitled to capital gains treatment in respect of any gain recognised on any sale, disposition, redemption or payment of principal in respect of Bearer Notes or Coupons.

- (f) Bearer Notes of one Specified Denomination may not be exchanged for Bearer Notes of another Specified Denomination. Bearer Notes may not be exchanged for Registered Notes.

Registered Notes

- (g) Each Tranche of Registered Notes will be represented by either:
 - (i) individual note certificates in registered form ("**Individual Certificates**"); or
 - (ii) one or more global note certificates ("**Global Certificate(s)**"),

in each case, as specified in the relevant Final Terms. A certificate ("**Certificate**") will be issued to each holder of Registered Notes in respect of its registered holding.

Each Note represented by a Global Certificate will either be: (A) in the case of a Global Certificate which is not to be held under the new safekeeping structure ("**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and the relevant Global Certificate will be deposited on or about the issue date with the common depository and/or the sub-custodian; or (B) in the case of a Global Certificate to be held under the NSS, registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and the relevant Global Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg.

If the relevant Final Terms specifies the form of Notes as being "Individual Certificates", then the Notes will at all times be represented by Individual Certificates issued to each Noteholder in respect of their respective holdings.

- (h) Registered Notes may not be exchanged for Bearer Notes.
- (i) If the relevant Final Terms specifies the form of Notes as being "Global Certificate exchangeable for Individual Certificates", then the Notes will initially be represented by one or more Global Certificates each of which will be exchangeable in whole, but not in part, for Individual Certificates:
 - (i) on the expiry of such period of notice as may be specified in the relevant Final Terms; or
 - (ii) at any time, if so specified in the relevant Final Terms; or
 - (iii) if the relevant Final Terms specifies "in the limited circumstances described in the Global Certificate", then:
 - a. if any Registered Note of the relevant Series becomes due and repayable following a Default (as defined in Condition 10A), or
 - b. if either Euroclear or Clearstream, Luxembourg or any other relevant clearing system should cease to operate as a clearing system (other than by reason of public holiday) or should announce an intention permanently to cease business and it shall not be practicable to transfer the relevant Notes to another clearing system within 90 days.

Whenever a Global Certificate is to be exchanged for Individual Certificates, each person having an interest in a Global Certificate must provide the Registrar (through the relevant clearing system) with such information as the Issuer and the Registrar may require to complete and deliver Individual Certificates (including the name and address of each person in which the Notes represented by the Individual Certificates are to be registered and the principal amount of each such person's holding).

Whenever a Global Certificate is to be exchanged for Individual Certificates, the Issuer shall procure that Individual Certificates will be issued in an aggregate principal amount equal to the principal amount of the Global Certificate within five business days of the delivery, by or on behalf of the registered holder of the Global Certificate to the Registrar of such information as is required to

complete and deliver such Individual Certificates against the surrender of the Global Certificate at the specified office of the Registrar.

Such exchange will be effected in accordance with the provisions of the Trust Deed and the Paying Agency Agreement and the regulations concerning the transfer and registration of Notes scheduled to the Paying Agency Agreement and, in particular, shall be effected without charge to any holder, but against such indemnity as the Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such exchange.

- (j) One or more Registered Notes may be transferred upon the surrender (at the specified office of the Registrar or any Transfer Agent) of the Certificate representing such Registered Notes to be transferred, together with the form of transfer endorsed on such Certificate (or another form of transfer substantially in the same form and containing the same representations and certifications (if any), unless otherwise agreed by the Issuer), duly completed and executed and any other evidence as the Registrar or Transfer Agent may reasonably require. In the case of a transfer of part only of a holding of Registered Notes represented by one Certificate, a new Certificate shall be issued to the transferee in respect of the part transferred and a further new Certificate in respect of the balance of the holding not transferred shall be issued to the transferor. All transfers of Notes and entries on the Register (as defined below) will be made subject to the detailed regulations concerning transfers of Notes scheduled to the Paying Agency Agreement. The regulations may be changed by the Issuer, with the prior written approval of the Registrar and the Trustee. A copy of the current regulations will be made available by the Registrar to any Noteholder upon request.
- (k) In the case of an exercise of an Issuer's or Noteholders' option in respect of, or a partial redemption of, a holding of Registered Notes represented by a single Certificate, a new Certificate shall be issued to the holder to reflect the exercise of such option or in respect of the balance of the holding not redeemed. In the case of a partial exercise of an option resulting in Registered Notes of the same holding having different terms, separate Certificates shall be issued in respect of those Notes of that holding that have the same terms. New Certificates shall only be issued against surrender of the existing Certificates to the Registrar or any Transfer Agent. In the case of a transfer of Registered Notes to a person who is already a holder of Registered Notes, a new Certificate representing the enlarged holding shall only be issued against surrender of the Certificate representing the existing holding.
- (l) Each new Certificate to be issued pursuant to Conditions 1(j) or 1(k) shall be available for delivery within three business days of receipt of the form of transfer or Exercise Notice (as defined in Condition 7(f)) and surrender of the Certificate for exchange. Delivery of the new Certificate(s) shall be made at the specified office of the Transfer Agent or of the Registrar (as the case may be) to whom delivery or surrender of such form of transfer, Exercise Notice or Certificate shall have been made or, at the option of the holder making such delivery or surrender as aforesaid and as specified in the relevant form of transfer, Exercise Notice or otherwise in writing, be mailed by uninsured post at the risk of the holder entitled to the new Certificate to such address as may be so specified, unless such holder requests otherwise and pays in advance to the relevant Transfer Agent the costs of such other method of delivery and/or such insurance as it may specify. In this Condition 1(m), "**business day**" means a day, other than a Saturday or Sunday, on which banks are open for business in the place of the specified office of the relevant Transfer Agent or the Registrar (as the case may be).
- (m) Transfers of Notes and Certificates on registration, transfer, exercise of an option or partial redemption shall be effected without charge by or on behalf of the Issuer, the Registrar or the Transfer Agents, but upon payment of any tax or other governmental charges that may be imposed in relation to it (or the giving of such indemnity as the Registrar or the relevant Transfer Agent may require).

- (n) No Noteholder may require the transfer of a Registered Note to be registered (i) during the period of 15 days prior to any date on which Notes may be called for redemption by the Issuer at its option pursuant to Condition 7(c)(1), 7(c)(2) or 7(c)(4), (ii) after any such Note has been called for redemption or (iii) during the period of seven days ending on (and including) any Record Date.

Denomination of Notes

- (o) Subject to any then applicable legal and regulatory requirements, (i) Notes will be in the denomination or denominations (each of which denominations must be integrally divisible by either the smallest denomination or by the smallest increment between denominations, whichever is smaller) specified in the relevant Final Terms and (ii) Notes may not be issued under the Programme which have a minimum denomination of less than €100,000 (or its equivalent in another currency). Notes of one denomination will not be exchangeable, after their initial delivery, for Notes of any other denomination.

Currency of Notes

- (p) Notes may be denominated in any currency (including, without limitation, euro (as defined in Condition 8C(3))) subject to compliance with all applicable legal or regulatory requirements.

3 Status of the Guarantee

Subject to Condition 4, the obligations of each Guarantor under the guarantee constitute unsecured obligations of such Guarantor and (subject as aforesaid) rank and will rank (subject to any obligations preferred by law) *pari passu* with all other present and future unsecured and unsubordinated obligations of such Guarantor.

6 Interest

Notes may be interest-bearing or non-interest-bearing, as specified in the relevant Final Terms. The Final Terms in relation to each Tranche of interest-bearing Notes shall specify which one (and one only) of Condition 6A, 6B or 6C shall be applicable and Condition 6D will be applicable to each Tranche of interest-bearing Notes as specified therein. Condition 6G shall be applicable to Zero Coupon Notes.

(A) Interest – Fixed Rate

Notes, in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable, shall bear interest from their date of issue (the “**Issue Date**”) (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms at the rate or rates per annum (or otherwise) (the “**Fixed Rate of Interest**”) specified in the relevant Final Terms. Such interest will be payable in arrear on such dates (the “**Fixed Interest Payment Dates**”) as are specified in the relevant Final Terms and on the date of final maturity thereof (the “**Maturity Date**”). The amount of interest payable in respect of any Note in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable shall be calculated by multiplying the product of the Fixed Rate of Interest and:

- (i) in the case of any such Note in global form, the principal amount of such Note; or
- (ii) in the case of any such Note in definitive form, the Calculation Amount,

in each case, by the applicable Day Count Fraction (as defined in Condition 6E(6)) as specified in the relevant Final Terms and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Denomination of a Note in relation to which this Condition 6A is specified in the relevant Final Terms as being applicable and which is in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding. If no Day Count Fraction is specified in the relevant Final Terms then, in the case of Notes denominated in any currency other than U.S. dollars, the applicable Day Count Fraction shall be Actual/Actual (ICMA) (as defined in Condition 6E(5)(ii)) and, in the case of Notes denominated in U.S. dollars, the applicable Day Count Fraction shall be 30/360 (as defined in Condition 6E(5)(v)).

(B) Interest – Floating Rate (Screen Rate Determination)

- (1) Notes, in relation to which this Condition 6B is specified in the relevant Final Terms as being applicable, shall bear interest at the rates per annum (or otherwise) determined in accordance with this Condition 6B.
- (2) Such Notes shall bear interest from their Issue Date (as specified in the relevant Final Terms) or from such other date as may be specified in the relevant Final Terms. Such interest will be payable on each Interest Payment Date (as defined in Condition 6E(1)) and on the date of the final maturity thereof (the “**Maturity Date**”) (if any).
- (3) The relevant Final Terms, in relation to Notes in relation to which this Condition 6B is specified as being applicable, shall specify which page (the “**Relevant Screen Page**”), on the Reuters Screen or any other information vending service, shall be applicable. For these purposes, “Reuters Screen” means the Reuters Money Market Rates Service (or such other service as may be nominated as the information vendor for the purpose of displaying comparable rates in succession thereto). The reference rate for such Notes shall be the Euro interbank offered rate

(“EURIBOR”), in each case for the relevant period, as specified in the relevant Final Terms (the “Reference Rate”).

Screen Rate Determination for Floating Rate Notes not referencing Compounded Daily SONIA, Compounded Daily SOFR or Weighted Average SOFR

- (4) The rate of interest (the “**Rate of Interest**”) for each Interest Period (as defined in Condition 6E(1)) in relation to Notes in relation to which this Condition 6B is specified as being applicable and the Reference Rate in respect of the Notes is not specified in the relevant Final Terms as being “Compounded Daily SONIA”, “Compounded Daily SOFR” or “Weighted Average SOFR” shall, subject to Condition 6H or 6I (as applicable), be determined by the Determination Agent (being the Principal Paying Agent or any other party named in the relevant Final Terms) on the following basis:
- (i) the Determination Agent will determine the rate for deposits (or, as the case may require, the arithmetic mean of the rates for deposits rounded (if necessary) to the fourth decimal place, with 0.00005 being rounded upwards) in the relevant currency for a period of the duration of the relevant Interest Period according to the rate (or rates) appearing for the Reference Rate on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date (as defined in Condition 6B(6)). If five or more rates for deposits appear for the Reference Rate on the Relevant Screen Page as at the Relevant Time on the Interest Determination Date, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Determination Agent for the purpose of determining the arithmetic mean (rounded as provided above) of such rates for deposits;
 - (ii) if, on any Interest Determination Date, no such rate for deposits so appears (or, as the case may require, if fewer than three such rates for deposits so appear) or if the Relevant Screen Page (or any replacement therefor) is unavailable or if the Reference Rate is unavailable on the Relevant Screen Page, the Issuer will request appropriate quotations and the Determination Agent will determine the arithmetic mean of the rates at which deposits in the relevant currency are offered by four major banks in, in the case of Notes denominated in any currency other than euro, the London interbank market or, in the case of Notes denominated in euro, the Euro-zone interbank market, selected by the Determination Agent, at the Relevant Time on the Interest Determination Date to prime banks in, in the case of Notes denominated in any currency other than euro, the London interbank market or, in the case of Notes denominated in euro, the Euro-zone interbank market for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time. If two or more of such banks provide the Issuer with such quotations, the Rate of Interest for such Interest Period shall be the arithmetic mean (rounded (if necessary) to the fourth decimal place, with 0.00005 being rounded upwards) of such quotations. “Euro-zone” means the zone comprising the member states of the European Union that from time to time have the euro as their currency;
 - (iii) if, on any Interest Determination Date, only three such rates for deposits are so quoted by such banks, the Determination Agent will determine the arithmetic mean (rounded as aforesaid) of the rates so quoted; or

- (iv) if fewer than three or no rates are so quoted by such banks, the Determination Agent will determine the arithmetic mean of the rates quoted by four major banks in the Relevant Financial Centre (as defined in Condition 8B(1)) (or, in the case of Notes denominated in euro, in such financial centre or centres as the Issuer may select), selected by the Issuer, at approximately 11.00 a.m. (Relevant Financial Centre time (or local time at such other financial centre or centres as aforesaid)) on the Interest Determination Date for loans in the relevant currency to leading European banks for a period of the duration of the relevant Interest Period and in an amount that is representative for a single transaction in the relevant market at the relevant time,

and the Rate of Interest applicable to such Notes during each Interest Period will be the sum of the relevant margin (the “**Margin**”) specified in the relevant Final Terms and the rate (or, as the case may be, the arithmetic mean) so determined; provided that, if the Determination Agent is unable to determine a rate (or, as the case may be, an arithmetic mean) in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to such Notes during such Interest Period will be the sum of the Margin and the rate (or, as the case may be, the arithmetic mean) last determined in relation to such Notes in respect of the preceding Interest Period; and provided always that, if there is specified in the relevant Final Terms a minimum interest rate (the “**Minimum Rate of Interest**”) or a maximum interest rate (the “**Maximum Rate of Interest**”), then the Rate of Interest shall in no event be less than or, as the case may be, exceed such Minimum Rate of Interest or Maximum Rate of Interest. Unless otherwise specified in the relevant Final Terms, the Minimum Rate of Interest shall be deemed to be zero.

- (5) The Determination Agent will, as soon as practicable after determining the Rate of Interest in relation to each Interest Period, calculate the amount of interest (the “**Interest Amount**”) payable in respect of the principal amount of each denomination of such Notes specified in the relevant Final Terms for the relevant Interest Period. The Interest Amount will be calculated by multiplying the product of the Rate of Interest for such Interest Period and:

- (i) in the case of such Notes in global form, the principal amount of such Notes; or
- (ii) in the case of such Notes in definitive form, the Calculation Amount,

in each case, by the applicable Day Count Fraction specified in the relevant Final Terms and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention. Where the Denomination of a Note to which this Condition 6B is specified in the relevant Final Terms as being applicable and which is in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding. If no Day Count Fraction is specified in the relevant Final Terms then, in the case of Notes denominated in any currency other than sterling, the applicable Day Count Fraction shall be Actual/360 (as defined in Condition 6E(5)) and, in the case of Notes denominated in sterling, the applicable Day Count Fraction shall be Actual/Actual (ISDA) (as defined in Condition 6E(5)).

- (6) For the purposes of these Conditions:

- (i) “**Interest Determination Date**” means, in respect of any Interest Period, the date falling such number (if any) of London Banking Days or, as the case may be, TARGET Days as

may be specified in the relevant Final Terms prior to the first day of such Interest Period or, if none is specified:

- (a) in the case of Notes denominated in sterling, the first day of such Interest Period;
or
 - (b) in the case of Notes denominated in euro, the date falling two TARGET Days prior to the first day of such Interest Period; or
 - (c) in any other case, the date falling two London Banking Days prior to the first day of such Interest Period;
- (ii) **“London Banking Day”** means a day on which commercial banks are open for business (including dealings in foreign exchange and foreign currency deposits) in London;
- (iii) **“Relevant Time”** means the time as of which any rate is to be determined as may be specified in the relevant Final Terms or, if none is specified:
- (a) in the case of Notes denominated in euro, approximately 11.00 a.m. (Brussels time); or
 - (b) in any other case, approximately 11.00 a.m. (London time);
- (iv) **“TARGET Day”** means any day on which T2 (as defined in Condition 8B(1)(c)) is open for the settlement of payments in euro; and
- (v) **“sub-unit”** means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

“Compounded Daily SONIA” means, with respect to an Interest Period, the rate of return of a daily compound interest investment during the Observation Period corresponding to such Interest Period (with the daily Sterling overnight reference rate as reference rate for the calculation of interest) as calculated by the Determination Agent (or such other party responsible for the calculation of the Rate of Interest, as specified in the relevant Final Terms) as at the relevant Interest Determination Date in accordance with the following formula (and the resulting percentage will be rounded if necessary to the nearest fifth decimal place, with 0.000005 being rounded upwards):

$$\left[\prod_{i=1}^{d_0} \left(1 + \frac{\text{SONIA}_{i-\text{pLBD}} \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

- (i) “**d**” is the number of calendar days in:
 - a. where “Lag” is specified as the Observation Method in the relevant Final Terms, the relevant Interest Period; or

(F) Interest – Floating Rate – Linear Interpolation

Where Linear Interpolation is specified in the relevant final terms as applicable in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Determination Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Condition 6B is specified hereon as applicable) or the relevant Floating Rate Option (where Condition 6C is specified hereon as applicable), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Determination Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

“Applicable Maturity” means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.

As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 7(i)).

(H) Benchmark Discontinuation – Independent Adviser

This Condition 6H shall apply to Notes only if “Benchmark Discontinuation – Independent Adviser” is specified in the relevant Final Terms.

(1) Independent Adviser

If the Issuer determines that a Benchmark Event occurs in relation to an Original Reference Rate when any Rate of Interest (or any component part thereof) remains to be determined by reference to such Original Reference Rate then the Issuer shall use its reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine, in consultation with the Issuer, a Successor Rate, failing which an Alternative Rate (in accordance with Condition 6H(2)) and, in either case, an Adjustment Spread if any (in accordance with Condition 6H(3)) and any Benchmark Amendments (in accordance with Condition 6H(4)).

For the avoidance of doubt, the Principal Paying Agent shall not be obliged to monitor or inquire whether a Benchmark Event has occurred or have any liability in respect thereof.

An Independent Adviser appointed pursuant to this Condition 6H shall act in good faith and in a commercially reasonable manner as an expert and in consultation with the Issuer. In the absence of bad faith or fraud, the Independent Adviser shall have no liability whatsoever to the Issuer, the Trustee, the Paying Agents, the Noteholders or the Couponholders for any determination made by it, pursuant to this Condition 6H.

If: (i) the Issuer is unable to appoint an Independent Adviser; or (ii) the Independent Adviser appointed by it fails to determine a Successor Rate or, failing which, an Alternative Rate in accordance with Condition 6H(2) prior to the relevant Interest Determination Date, the Rate of Interest applicable to the next succeeding Interest Period shall be equal to the Rate of Interest last determined in relation to the Notes in respect of the immediately preceding Interest Period. If there has not been a first Interest Payment Date, the Rate of Interest shall be the initial Rate of Interest. Where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Period from that which applied to the last preceding Interest Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Period shall be substituted in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Period. For the avoidance of doubt, this Condition 6H(1) shall apply to the relevant next succeeding Interest Period only and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustment as provided in, this Condition 6H(1).

(2) Successor Rate or Alternative Rate

If the Independent Adviser, determines that:

- (a) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 6H(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 6H); or
- (b) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 6H(3)) subsequently be used in place of the Original Reference Rate to determine the Rate of Interest (or the relevant component part thereof) for all future payments of interest on the Notes (subject to the operation of this Condition 6H).

(3) Adjustment Spread

If the Independent Adviser determines (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be). If the Independent Adviser is unable to determine the quantum of, or a formula or methodology for determining, such Adjustment Spread, or determines that no Adjustment Spread is required to be applied, then the Successor Rate or Alternative Rate (as applicable) will apply without an Adjustment Spread.

Notwithstanding any other provision of this Condition 6, if in the Determination Agent's opinion there is any uncertainty between two or more alternative courses of action in making any determination or calculation under this Condition 6, the Determination Agent shall promptly notify the Issuer thereof and the Issuer or the Independent Adviser on behalf of the Issuer shall direct the Determination Agent in writing as to which alternative course of action to adopt. If the Determination Agent is not promptly provided with such direction, or is otherwise unable to make such calculation or determination for any reason, it shall notify the Issuer and the Trustee thereof and the Determination Agent shall be under no obligation to make such calculation or determination and shall not incur any liability for not doing so.

(4) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 6H and the Independent Adviser determines (i) that amendments to the Conditions, the Paying Agency Agreement and/or the Trust Deed are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread or to follow market practice in relation thereof (such amendments, the "**Benchmark Amendments**") and (ii) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 6H(5), without any requirement for the consent or approval of Noteholders, vary these Conditions, the Paying Agency Agreement and/or the Trust Deed to give effect to such Benchmark Amendments with effect from the date specified in such notice.

Such Benchmark Amendments shall not, without the prior consent of the party responsible for determining the Rate of Interest, either impose more onerous obligations on such party or expose such party to any additional duties.

At the request of the Issuer, but subject to receipt by the Trustee of a certificate signed by an authorised signatory of the Issuer pursuant to Condition 6H(5), the Trustee shall (at the expense of the Issuer), without any requirement for the consent or approval of the Noteholders, be obliged to concur with the Issuer in effecting any Benchmark Amendments (including, *inter alia*, by the execution of a deed supplemental to or amending the Trust Deed and/or the Paying Agency Agreement), provided that the Trustee shall not be obliged so to concur if in the opinion of the Trustee doing so would impose more

onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Trustee in these Conditions or the Trust Deed or the Paying Agency Agreement (including, for the avoidance of doubt, any supplemental trust deed or supplemental paying agency agreement) in any way.

Notwithstanding any other provision of this Condition 6H, the Determination Agent or any Paying Agent is not obliged to concur with the Issuer or the Independent Adviser in respect of any changes or amendments as contemplated under this Condition 6H which, in the sole opinion of the Determination Agent or the relevant Paying Agent, as the case may be, would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Determination Agent or the relevant Paying Agent (as applicable) in the Paying Agency Agreement and/or these Conditions.

In connection with any such variation in accordance with this Condition 6H(4), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(5) Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the specific terms of any Benchmark Amendments, determined under this Condition 6H will be notified promptly by the Issuer to the Trustee, the Determination Agent, the Paying Agents and, in accordance with Condition 14, the Noteholders. Such notice shall be irrevocable and shall specify the effective date of the Benchmark Amendments, if any.

No later than notifying the Noteholders of the same, the Issuer shall deliver to the Trustee, the Determination Agent and the Paying Agents a certificate signed by an authorised signatory of the Issuer:

- (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate and, (iii) where applicable, any Adjustment Spread and/or the specific terms of any Benchmark Amendments, in each case as determined in accordance with the provisions of this Condition 6H; and
- (b) certifying that the Benchmark Amendments are necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread or to follow market practice in relation thereof.

Each of the Trustee, the Determination Agent and the Paying Agents shall be entitled to rely on such certificate (without liability to any person) as sufficient evidence thereof. The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such certificate will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) and without prejudice to the Trustee's or the Determination Agent's or the Paying Agents' ability to rely on such certificate as aforesaid) be binding on the Issuer, the Trustee, the Determination Agent, the Paying Agents and the Noteholders.

(6) Survival of Original Reference Rate

Without prejudice to the obligations of the Issuer under Conditions 6H(1), (2) and (3), the Original Reference Rate and the fallback provisions provided for in Condition 6B(4) will continue to apply unless and until the Issuer determines that a Benchmark Event has occurred, and the Trustee and the

Principal Paying Agent have been notified of the Successor Rate or Alternative Rate (as the case may be) and the Adjustment Spread and any Benchmark Amendments in accordance with this Condition.

(h) **Cancellation**

All Notes redeemed in accordance with this Condition 7 shall be cancelled forthwith and may not be reissued or resold, and Notes purchased in accordance with this Condition 7 may, at the option of the purchaser, be cancelled, held or resold. In the case of cancellation and in the case of Bearer Notes, each such Note shall be surrendered at the specified office of any of the Paying Agents together with all unmatured Coupons and all unexchanged Talons and, in the case of Registered Notes, the Certificate representing such Notes shall be surrendered to the Registrar.

(i) **Zero Coupon Notes**

- (i) The early redemption amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 7(b), Condition 7(c) or Condition 7(f) or upon it becoming due and payable as provided in Condition 10 shall be the Amortised Face Amount (calculated as provided below) of such Note unless otherwise specified in the relevant final terms.
- (ii) Subject to the provisions of sub-paragraph (iii) below, the “**Amortised Face Amount**” of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown hereon, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (iii) If the early redemption amount payable in respect of any such Note upon its redemption pursuant to Condition 7(b), Condition 7(c) or Condition 7(f) or upon it becoming due and payable as provided in Condition 10 is not paid when due, the early redemption amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (ii) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgement) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 6G.

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction specified in the relevant Final Terms.

8 Payments

(A) **Payments**

Bearer Notes:

- (1A) Payment of amounts (whether principal, redemption amount or otherwise and including accrued interest other than interest due against surrender of matured Coupons) due in respect of a Bearer Note will be made against presentation of the relevant Note at the specified office of any of the

Paying Agents outside (unless Condition 8A(3) applies) the United States, provided that such payment is not made into the United States or into an account maintained in the United States.

- (1B) Payment of amounts due in respect of interest on Bearer Notes will be made:
- (a) in the case of a Temporary Global Note or Permanent Global Note, against presentation of the relevant Temporary Global Note or Permanent Global Note at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States and, in the case of a Temporary Global Note, upon due certification as required therein;
 - (b) in the case of Definitive Notes without Coupons attached thereto at the time of their initial delivery, against presentation of the relevant Definitive Notes at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States; and
 - (c) in the case of Definitive Notes initially delivered with Coupons attached thereto, against surrender of the relevant Coupons at the specified office of any of the Paying Agents outside (unless Condition 8A(3) applies) the United States.

Registered Notes:

- (2A) Payments of principal in respect of Registered Notes shall be made to the person shown on the Register at the close of business on the 15th day before the due date for payment thereof (the “**Record Date**”) by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the principal financial centre of that currency and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar.
- (2B) Interest on Registered Notes shall be paid to the person shown on the Register on the Record Date by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the principal financial centre of that currency and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Certificates at the specified office of any of the Transfer Agents or of the Registrar. Payments of amounts due in respect of interest on Bearer Notes and exchanges of Talons for Coupon sheets in accordance with Condition 8A(6) will not be made at the specified office of any Paying Agent in the United States (as defined in the United States Internal Revenue Code of 1986, as amended, and U.S. Treasury regulations thereunder) unless:
- (a) payment in full of amounts due or, as the case may be, the exchange of Talons in respect of interest on such Bearer Notes when due at all the specified offices of the Paying Agents outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions;
 - (b) such payment or, as the case may be, exchange is permitted by applicable United States law; and
 - (c) the Bearer Notes are denominated in and payable in United States Dollars.

If paragraphs (a) to (c) above apply, the Issuer and the Guarantor(s) shall forthwith appoint a further Paying Agent with a specified office in New York City.

- (4) If the due date for payment of any amount due in respect of any Note is not both a Relevant Financial Centre Day and a local banking day, then the holder thereof will not be entitled to payment thereof until the next day which is such a day and, thereafter, will be entitled to receive payment by cheque on any local banking day, and will be entitled to payment by transfer to a designated account, on any day which is a local banking day, a Relevant Financial Centre Day and a day on which commercial banks and foreign exchange markets settle payments in the relevant currency in the place where the relevant designated account is located. No further payment on account of interest or otherwise shall be due in respect of such postponed payment unless there is subsequent failure to pay in accordance with these Conditions in which event interest shall continue to accrue as provided in Condition 6E(5). For the purpose of this Condition 8A(4), “**Relevant Financial Centre Day**” means, in the case of a currency other than euro, a day on which commercial banks and foreign exchange markets settle payments in the Relevant Financial Centre and any other place specified in the relevant Final Terms and, in the case of payment in euro, a TARGET Day and a “**local banking day**” means a day (other than a Saturday or Sunday) on which commercial banks are open for business in the place of presentation of the relevant Note or, as the case may be, Coupon.
- (5) Each Definitive Note initially delivered with Coupons attached thereto shall be presented and, save in the case of partial redemption of such Note, surrendered for final redemption together with all unmatured Coupons appertaining thereto, failing which:
- (a) in the case of Definitive Notes which bear interest at a fixed rate or rates, the amount of any missing unmatured Coupons (or, in the case of a payment not being made in full, that portion of the amount of such missing unmatured Coupon which that redemption amount paid bears to the total redemption amount due) (excluding for this purpose Talons) will be deducted from the amount otherwise payable on such final redemption, the principal amount so deducted being payable against surrender of the relevant Coupon at the specified office of any of the Paying Agents at any time within 10 years of the Relevant Date applicable to payment of such final redemption amount; and
 - (b) in the case of Definitive Notes which bear interest at, or at a margin above or below, a floating rate, all unmatured Coupons relating to such Notes (whether or not surrendered therewith) shall become void and no payment shall be made thereafter in respect of them.

The provisions of paragraph (i) of this Condition 8A(5) notwithstanding, if any Definitive Notes which bear interest at a fixed rate or rates should be issued with a maturity date and a fixed rate or fixed rates such that, on the presentation for payment of any such Definitive Note without any unmatured Coupons attached thereto or surrendered therewith, the amount required by paragraph (i) to be deducted would be greater than the amount otherwise due for payment, then, upon the due date for redemption of any such Definitive Note, such unmatured Coupons (whether or not attached) being Coupons representing an amount in excess of the relevant redemption amount shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of the provisions of paragraph (i) in respect of such Coupons as have not so become void, the amount required by paragraph (i) to be deducted would not be greater than the amount otherwise due for payment. Where the application of the foregoing sentence requires some but not all of the unmatured Coupons relating to a Definitive Note to become void, the relevant Paying Agent shall determine which unmatured Coupons are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.

- (6) In relation to Definitive Notes initially delivered with Talons attached thereto, on or after the due date for the payment of interest on which the final Coupon comprised in any Coupon sheet matures, the Talon comprised in the Coupon sheet may be surrendered at the specified office of any Paying Agent outside (unless Condition 8A(3) applies) the United States in exchange for a further Coupon sheet (including any appropriate further Talon), subject to the provisions of Condition 12 below. Each Talon shall, for the purpose of these Conditions, be deemed to mature on the due date for the payment of interest on which the final Coupon comprised in the relative Coupon sheet matures.
- (7) Payments of amounts due (whether principal, redemption amount, interest or otherwise) in respect of Notes will be made by (a) transfer to an account in the relevant currency specified by the payee or (b) cheque in the relevant currency drawn on a bank in the Relevant Financial Centre provided, however, that in the case of (a), payment shall not be made to an account within the United States unless permitted by applicable U.S. tax law requirements.

 - (B) in the case of Notes in definitive form, by applying the Rate of Interest to the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction, which, in this case, shall be Actual/Actual (ICMA) and rounding the resultant figure to the nearest sub-unit of the relevant Specified Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with the applicable market convention. Where the Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Denomination without any further rounding;

- (e) if the Notes are Floating Rate Notes the relevant Final Terms will specify any relevant changes to the provisions relating to interest; and

Only the Trustee may enforce the provisions of the Notes or the Trust Deed and no holder or Couponholder shall be entitled to proceed directly against the Issuer or the Guarantor(s) unless the Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

15 Meetings of Noteholders; Modification; Waiver; Substitution

The Trust Deed contains provisions for convening meetings of holders (including meetings held by virtual means via an electronic platform) of any Series of Notes to consider any matter affecting their interests, including the modification by Extraordinary Resolution of these Conditions or the provisions of the Trust Deed. The quorum at any such meeting for passing an Extraordinary Resolution will be two or more persons holding or representing a clear majority in principal amount of the Notes of that Series for the time being outstanding or, at any adjourned meeting, two or more persons being or representing Noteholders whatever the principal amount of the Notes of that Series so held or represented, except that, at any meeting the business of which includes the modification of certain of these Conditions or provisions of the Trust Deed, the necessary quorum for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 66 per cent., or at any adjourned such meeting not less than 33 per cent., of the principal amount of the Notes of that Series for the time being outstanding. An Extraordinary Resolution passed at any meeting of Noteholders of any Series of Notes will be binding on all Noteholders of that Series, whether or not they are present at the meeting, and on all Couponholders of that Series.

The Trust Deed contains provisions for the convening of a single meeting of holders of Notes of more than one Series where the Trustee so decides.

The Trustee may agree, without the consent of the Noteholders or Couponholders of any Series, to any modification (subject to certain exceptions) of, or to the waiver or authorisation of any breach or proposed breach of, any of these Conditions or any of the provisions of the Trust Deed which, in the opinion of the Trustee, is not materially prejudicial to the interests of the holders of such Notes or to any modification which is of a formal, minor or technical nature or is made to correct a manifest error. The Trustee may also determine that any event which would or might otherwise constitute a Default under Condition 10 shall not do so, provided that, in the opinion of the Trustee, such event is not materially prejudicial to the interests of the

holders of the Notes of the relevant Series. In addition, the Trustee shall be obliged to concur with the Issuer in effecting any Benchmark Amendment in the circumstances and as otherwise set out in Condition 6H without the consent of the Noteholders or Couponholders. Any such modification, waiver, authorisation or determination shall be binding on the holders of the Notes of such Series and of the Coupons (if any) relating thereto and (unless the Trustee agrees otherwise) any such modification shall be notified to the Noteholders as soon as practicable thereafter in accordance with Condition 14.

The Trustee shall also agree, subject to certain conditions set out in the Trust Deed, but without the consent of the holders of the Notes of such Series and of the Coupons (if any) relating thereto, (i) to the substitution of any Group Company in place of the Issuer as principal debtor in respect of the Notes of any Series or (ii) to the substitution in place of the Issuer as principal debtor, or of any Guarantor, of any successor in business (as defined in the Trust Deed) of the Issuer or, as the case may be, that Guarantor. It is a condition of any such substitution in accordance with (i) above that such Notes and Coupons (if any) relating thereto thereupon become or remain, as the case may be, unconditionally and irrevocably guaranteed on a joint and several basis by PLC (except where PLC is the new principal debtor) and UNUS.

So long as any Notes remain outstanding (as defined in the Trust Deed), neither UFN, UCC nor PLC will merge with, or transfer all or substantially all of its assets or undertaking to, another company (except where UFN, UCC or PLC, as the case may be, is the continuing company) unless that other company agrees, in form and manner reasonably satisfactory to the Trustee, to be bound by the terms of the Notes and the Coupons (if any) appertaining thereto and the Trust Deed in place of UFN, UCC or PLC and the Trustee is satisfied that the conditions set out in the Trust Deed are complied with.

In considering the interests of the Noteholders for the purposes of any substitution, merger or transfer as aforesaid the Trustee shall not have regard to the consequences for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof.

16 Indemnification of the Trustee

The Trust Deed contains provisions for the indemnification of the Trustee and for its relief from responsibility, including provisions relieving it from taking proceedings to enforce repayment unless indemnified to its satisfaction. The Trustee is entitled to enter into business transactions with PLC, UFN, UCC, UNUS and/or any Group Company without accounting to any Noteholders or Couponholders for any profit resulting therefrom.

17 Further Issues and Additional Issuers

- (A)** The Issuer may, from time to time, without the consent of the holders of any Notes or Coupons of any Series, create and issue further notes, bonds or debentures having the same terms and conditions as the Notes of an existing Series in all respects (or, in all respects except for the first payment of interest, if any, on them and/or the denomination thereof) so as to form a single series with the Notes of the existing Series.
- (B)** Subject as provided in the Trust Deed, PLC may designate any Group Company to become an Issuer of Notes under the Trust Deed. As provided in the Trust Deed, any such Group Company which is to become an Issuer of any Series of Notes shall become such under the terms of a supplemental deed in or substantially in the form scheduled to the Trust Deed (or in such other form as may be approved by the Trustee in writing) (which shall take effect in accordance with its terms) whereby such Group Company agrees to be bound as an Issuer under the Trust Deed and the Paying Agency Agreement, all as more fully provided in the Trust Deed.

18 Governing Law

The Trust Deed, the Paying Agency Agreement, the Notes and the Coupons, and any non-contractual obligations arising out of or in connection with them, are governed by, and will be construed in accordance with, English law.

19 Jurisdiction

More information on the Unilever Group's corporate governance arrangements is set out in the Governance of Unilever which can be found at <https://www.unilever.com/investors/corporate-governance/our-corporate-governance/>.

Requirements – The United States

PLC is listed on the New York Stock Exchange ("NYSE"). As such, PLC must comply with the requirements of U.S. legislation, regulations enacted under U.S. securities laws and the Listing Standards of the NYSE as are applicable to foreign private issuers.

The Unilever Group is compliant with the Listing Standards of the NYSE applicable to foreign private issuers, except as set out below.

The Unilever Group is required to disclose any significant ways in which its corporate governance practices differ from those required of U.S. domestic companies listed on the NYSE. Our corporate governance practices are primarily based on the requirements of the UK Listing Rules and the UK Corporate Governance Code but substantially conform to those required of U.S. domestic companies listed on the NYSE.

The only significant way in which the Unilever Group's corporate governance practices differ from those required of U.S. domestic companies under Section 303A Corporate Governance Standards of the NYSE is that the NYSE rules require that shareholders must be given the opportunity to vote on all equity-compensation plans and material revisions thereto, with certain limited exemptions. The UK Listing Rules require shareholder approval of equity compensation plans only if new or treasury shares are issued for the purpose of satisfying obligations under the plan or if the plan is a long-term incentive plan in which a director may participate. Amendments to plans approved by shareholders generally only require approval if they are to the advantage of the plan participants.

All senior executives and senior financial officers have declared their understanding of and compliance with Unilever's Code of Business Principles and the related Code Policies. No waiver from any provision of the Code of Business Principles or Code Policies was granted in 2022 to any of the persons falling within the scope of the SEC requirements. The following is intended as general information only and it does not purport to present any comprehensive or complete description of all aspects of Dutch tax law which could be of relevance to a holder of Notes (a “**Noteholder**”). For Dutch tax purposes, a Noteholder may include an individual who or entity that does not have the legal title to any Notes, but to whom nevertheless Notes are attributed based either on such individual or entity owning a beneficial interest in Notes or based on specific statutory provisions, including statutory provisions pursuant to which Notes are attributed to an individual who is, or who has directly or indirectly inherited from a person who was, the settlor, grantor or similar originator of a trust, foundation or similar entity that holds such Notes.

Prospective Noteholders should consult their tax adviser regarding the tax consequences of any purchase, ownership or disposal of Notes.

The following summary is based on Dutch tax law as applied and interpreted by Dutch tax courts and as published and in effect on the date hereof, without prejudice to any amendments introduced at a later date and implemented with or without retroactive effect.

For the purpose of this paragraph, “Dutch Taxes” shall mean taxes of whatever nature levied by or on behalf of the Netherlands or any of its subdivisions or taxing authorities. The Netherlands means the part of the Kingdom of the Netherlands located in Europe.

The Withholding Tax summary below does not address the Dutch tax consequences for a Noteholder which is an entity that is affiliated (*gelieerd*) to UFN within the meaning of the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*). See also “*Risk Factors - No obligation to pay additional amounts if payments in respect of the Notes are subject to interest withholding tax in the Netherlands in certain circumstances*”.

Withholding Tax

All payments made by UFN under the Notes it issues may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein, provided that the Notes do not in fact function as equity of the Issuer within the meaning of art. 10, paragraph 1, letter d of the Dutch Corporate Income Tax Act 1969 (*Wet op de vennootschapsbelasting 1969*).

All payments made by PLC under the Notes it issues may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Taxes on income and capital gains

A Noteholder will not be subject to any Dutch Taxes on any payment made to the Noteholder under the Notes or on any capital gain realised by the Noteholder from the disposal, or deemed disposal, or redemption of, the Notes, except if:

- (i) the Noteholder is an individual and receives or has received any benefits from the Notes as employment income, deemed employment income or otherwise as compensation;
- (ii) the Noteholder is, or is deemed to be, resident in the Netherlands for Dutch (corporate) income tax purposes;
- (iii) the Noteholder derives profits from an enterprise, whether as entrepreneur (*ondernemer*) or pursuant to a co-entitlement to the net worth of the enterprise other than as an entrepreneur or a shareholder, which enterprise is, in whole or in part, carried on through a permanent establishment (*vaste inrichting*) or a permanent representative (*vaste vertegenwoordiger*) in the Netherlands or, subject to other conditions, Bonaire, Saint Eustatius or Saba, to which the Notes are attributable;
- (iv) the Noteholder is an individual and has a substantial interest (*aanmerkelijk belang*), or a fictitious substantial interest (*fictief aanmerkelijk belang*), in the Issuer that issued the Notes held by the Noteholder or derives benefits from miscellaneous activities (*overige werkzaamheden*) carried out in the Netherlands in respect of the Notes, including (without limitation) activities which are beyond the scope of active portfolio investment activities;
- (v) the Noteholder is not an individual and has a substantial interest, or a fictitious substantial interest, in the Issuer that issued the Notes held by the Noteholder, and (one of) the main purposes of the chosen ownership structure is the evasion of Dutch income tax or dividend withholding tax, and there is an arrangement or a series of arrangements that are not genuine;
- (vi) the Noteholder is not an individual and is entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, other than by way of the holding of securities, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable; or
- (vii) the Noteholder is an individual and is entitled to a share in the profits of an enterprise, other than by way of securities, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

Generally, a Noteholder has a substantial interest if such Noteholder, alone or together with their partner, directly or indirectly:

- (i) owns, or holds certain rights on, shares representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer;
- (ii) holds rights to, directly or indirectly, acquire shares, whether or not already issued, representing five percent or more of the total issued and outstanding capital of the Issuer, or of the issued and outstanding capital of any class of shares of the Issuer; or
- (iii) owns, or holds certain rights on, profit participating certificates that relate to five percent or more of the annual profit of the Issuer or to five percent or more of the liquidation proceeds of the Issuer.

A Noteholder who has the ownership of shares of the Issuer, will also have a substantial interest if their partner or one of certain relatives of the Noteholder or of their partner has a (fictitious) substantial interest.

For Dutch tax purposes, the ownership of shares of the Issuer is attributed to a Noteholder based either on that Noteholder owning a beneficial interest in shares of the Issuer or based on specific statutory provisions, including statutory provisions pursuant to which shares are attributed to an individual who is, or who has directly or indirectly inherited from a person who was, the settlor, grantor or similar originator of a trust, foundation or similar entity that holds the shares of the Issuer, although the Noteholder does not have the legal title of such shares.

Generally, a Noteholder has a fictitious substantial interest if, without having an actual substantial interest in the Issuer:

- (i) an enterprise has been contributed to the Issuer in exchange for shares on an elective non-recognition basis;
- (ii) the shares have been obtained under gift law, inheritance law or matrimonial law, on a non-recognition basis, while the disposing shareholder had a substantial interest in the Issuer;
- (iii) the shares have been acquired pursuant to a share merger, legal merger or legal demerger, on an elective non-recognition basis, while the Noteholder prior to this transaction had a substantial interest in a party to that transaction; or
- (iv) the shares held by the Noteholder, prior to dilution, qualified as a substantial interest and, by election, no gain was recognised upon disqualification of these shares.

Gift tax or inheritance tax

No Dutch gift tax or inheritance tax is due in respect of any gift of the Notes by, or inheritance of the Notes on the death of, a Noteholder, except if:

- (i) at the time of the gift or death of the Noteholder, the Noteholder is a resident, or is deemed to be resident, in the Netherlands;
- (ii) the Noteholder passes away within 180 days after the date of the gift of the Notes and is not, or not deemed to be, at the time of the gift, but is, or deemed to be, at the time of their death, resident in the Netherlands; or
- (iii) the gift of the Notes is made under a condition precedent and the Noteholder is resident, or deemed to be resident, in the Netherlands at the time the condition is fulfilled.

For purposes of Dutch gift or inheritance tax, an individual who is of Dutch nationality will be deemed to be resident in the Netherlands if they have been a resident in the Netherlands at any time during the ten years preceding the date of the gift or their death. For purposes of Dutch gift tax, any individual, irrespective of their nationality, will be deemed to be resident in the Netherlands if they have been a resident in the Netherlands at any time during the 12 months preceding the date of the gift.

Other taxes

No other Dutch Taxes, including turnover tax and taxes of a documentary nature, such as capital tax, stamp or registration tax or duty are payable by or on behalf of a Noteholder or the Issuer by reason only of the issue, acquisition or transfer of the Notes.

Residency

Subject to the exceptions above, a Noteholder will not become resident, or a deemed resident, in the Netherlands for tax purposes, or become subject to Dutch Taxes, by reason only of the Issuer's performance, or the Noteholder's acquisition (by way of issue or transfer to it), holding and/or disposal of the Notes.

United Kingdom Taxation

The following is a summary of the United Kingdom withholding tax treatment at the date hereof in relation to payments in respect of PLC Notes. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of the PLC Notes. The following summary does not deal with situations where the interest on any PLC Note is deemed to be the income of a person other than the holder of the PLC Note for United Kingdom tax purposes and relates only to the position of persons who are the absolute beneficial owners of the PLC Notes. The summary assumes that there will be no substitution or addition of

any Issuer or Guarantor pursuant to the Conditions or otherwise and does not consider the tax consequences of such substitution or addition. The following is a general guide and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Persons who are unsure of their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom in respect of their acquisition, holding or disposal of the PLC Notes are strongly advised to consult their own professional advisers since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the PLC Notes. In particular, holders of PLC Notes should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the PLC Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom. Prospective holders of PLC Notes should be aware that the particular terms of issue of any series of PLC Notes as specified in the relevant Final Terms may affect the tax treatment of that and other series of PLC Notes. Mention is also made in paragraphs 4 and 5 below of the United Kingdom withholding tax treatment at the date hereof in relation to payments made by PLC in its capacity as Guarantor of the Notes issued by UFN or UCC and in relation to payments made by UNUS in its capacity as Guarantor of PLC's obligations under the PLC Notes.

The comments in this part are based on current United Kingdom tax law as applied in England and Wales and HM Revenue & Customs published practice (which may not be binding on HM Revenue & Customs), in each case at the date hereof.

Withholding of tax – PLC Notes

- (1) Listed interest-bearing PLC Notes will constitute “quoted Eurobonds” within the meaning of Section 987 of the Income Tax Act 2007 (“ITA”) provided they are and continue to be listed on a recognised stock exchange within the meaning of Section 1005 of ITA (for the purposes of section 987 of ITA) or admitted to trading on a "multilateral trading facility" operated by a regulated recognised stock exchange (within the meaning of Sections 987 and 1005 of the ITA). Securities are treated as “listed on a recognised stock exchange” for this purpose if (and only if) they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HM Revenue & Customs and either they are included in the United Kingdom Official List (within the meaning of Part 6 of the Financial Services and Markets Act 2000, as amended (“FSMA”)) or they are officially listed, in accordance with provisions corresponding to those generally applicable in EEA states, in a country outside the United Kingdom in which there is a recognised stock exchange. While the PLC Notes are and continue to be quoted Eurobonds, payments of interest by the Issuer on the PLC Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

Euronext Amsterdam is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on Euronext Amsterdam if they are both admitted to trading on the Euronext Amsterdam Cash Market or the Euronext Amsterdam Derivatives Market on that Exchange and are officially listed in the Netherlands in accordance with provisions corresponding to those generally applicable in countries in the EEA.

The Hong Kong Stock Exchange is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on the Hong Kong Stock Exchange if they are both admitted to trading on the Main Board on that Exchange and are officially listed in Hong Kong in accordance with provisions corresponding to those generally applicable in countries in the EEA.

The Singapore Exchange Limited is a recognised stock exchange for these purposes. The PLC Notes will be treated as listed on the Singapore Exchange Limited if they are both admitted to trading on the

Main Board or Bond Market of Singapore Exchange Securities Trading Limited on that Exchange and are officially listed in Singapore in accordance with provisions corresponding to those generally applicable in countries in the EEA.

Payments of interest on PLC Notes with a maturity of less than one year and which are not issued with the intention or under arrangements the effect of which is that such PLC Notes form part of a borrowing with a total term of a year or more may be made without withholding or deduction for or on account of United Kingdom income tax.

In all other cases, subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply, interest on PLC Notes will generally fall to be paid under deduction on account of United Kingdom income tax at the basic rate (currently 20 per cent.).

- (2) Where the PLC Notes are issued at an issue price of less than 100 per cent. of their principal amount any payments in respect of the accrued discount will not generally be made subject to any withholding or deduction on account of United Kingdom income tax as long as they do not constitute payments in respect of interest.
- (3) Where the PLC Notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest and, if so, any such payment of interest may (subject to paragraph 1 above) be subject to United Kingdom withholding tax at the basic rate of income tax (currently, 20 per cent.).
- (4) If UNUS, in its capacity as Guarantor of PLC's obligations under the PLC Notes, makes any payments in respect of interest on the PLC Notes (or other amounts due under the PLC Notes other than payments in respect of principal), such payments may be subject to United Kingdom withholding tax which will be at the basic rate (currently 20 per cent.) subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply. Such payments by UNUS may not be eligible for the exemptions described in paragraph 1 above.

Withholding of tax – Guarantor Payments by PLC

- (5) If PLC, in its capacity as Guarantor of UFN's obligations under the UFN Notes or UCC's obligations under the UCC Notes, makes any payments in respect of interest on the UFN Notes or the UCC Notes (or other amounts due under such Notes other than payments in respect of principal) such payments may be subject to United Kingdom withholding tax at the basic rate (currently 20 per cent.) subject to any available relief under an applicable double taxation treaty or to any other exemption which may apply. Such payments by PLC may not be eligible for the exemptions described in paragraph 1 above.

Other matters

- (6) Where interest has been paid under deduction of United Kingdom income tax, holders of Notes who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.
- (7) The references to "interest" in this United Kingdom taxation section mean "interest" as understood in United Kingdom tax law. The statements do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. Holders of Notes should seek their own professional advice as regards the withholding tax treatment of any payment on the Notes which does not constitute "interest" or "principal" as these terms are understood in United Kingdom tax law.

United States Taxation

The following is a summary of certain U.S. federal income and estate tax consequences of the ownership and disposition of the UCC Notes by Non-U.S. Holders (defined below). This summary only addresses initial purchasers of the UCC Notes at their “issue price” (the first price at which a substantial amount of UCC Notes are sold for money, excluding sales to underwriters, placement agents or wholesalers) in the initial offering who are Non-U.S. Holders and will hold the UCC Notes as capital assets for U.S. federal income tax purposes. This summary is based on the tax laws of the United States, including the Internal Revenue Code of 1986, as amended (the “Code”), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, all as of the date hereof and all subject to change at any time, possibly with retroactive effect. This summary does not cover all aspects of U.S. federal taxation that may be relevant to the acquisition, ownership or disposition of UCC Notes by particular investors and does not address state, local, non-U.S. or other tax laws. This summary addresses only UCC Notes that will be treated as debt for U.S. federal tax purposes and does not address UCC Notes with special features such as a maturity of longer than 30 years.

As used herein, the term “**Non-U.S. Holder**” means a beneficial owner of a UCC Note that is, for U.S. federal income tax purposes: (i) an individual who is classified as a non-resident alien; (ii) a foreign corporation; or (iii) a foreign estate or trust.

The term “Non-U.S. Holder” does not include any of the following holders: holders who are individuals present in the United States for 183 days or more in the taxable year of disposition and who are not otherwise residents of the United States for U.S. federal income tax purposes; certain former citizens or residents of the United States; entities or arrangements that are treated as partnerships for U.S. federal income tax purposes; corporations that, for U.S. federal income tax purposes, are treated as personal holding companies, controlled foreign corporations, or a passive foreign investment companies; or holders for whom income or gain in respect of the UCC Notes is effectively connected with the conduct of a trade or business in the United States or is attributable to a U.S. permanent establishment that such holders maintain. Such holders should consult their tax advisers regarding the U.S. federal income tax consequences of an investment in the UCC Notes.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds UCC Notes, the tax treatment of a partner therein will generally depend on the status of the partner and the activities of the partnership. Prospective purchasers that are entities or arrangements treated as partnerships for U.S. federal income tax purposes should consult their tax advisers concerning the U.S. federal income tax consequences applicable to them and their partners.

THE SUMMARY OF U.S. FEDERAL INCOME AND ESTATE TAX SET FORTH BELOW IS INCLUDED FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS ARE URGED TO CONSULT THEIR OWN TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING UCC NOTES, INCLUDING THE APPLICABILITY AND EFFECT OF STATE, LOCAL, NON-U.S. AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Under current U.S. federal income and estate tax law, and subject to the discussion of withholding tax on guarantor payments, backup withholding and information reporting and FATCA withholding in the following sections:

- (a) Payments of principal, original issue discount (“**OID**”), and interest by UCC, UNUS or PLC in their capacity as Guarantor of UCC Notes, or any paying agent thereof to any holder of a UCC Note who is a Non-U.S. Holder will not be subject to U.S. federal income or withholding tax, provided that, in the case of amounts treated as interest or OID with respect to UCC Notes with a maturity of more than 183 days, (i) the amount of the payment is not determined by reference to any receipts, sales or other cash flow, income or profits, change in value of any property of, or dividend or similar payment made by, UCC or a person related to the UCC (a “**Contingent Payment**”), (ii) the Non-U.S. Holder does not actually or constructively own 10 per cent. or more of the total combined voting power of all classes of stock of UCC entitled to vote, (iii) the Non-U.S. Holder is not for U.S. federal income tax purposes a controlled foreign corporation related, directly or indirectly, to UCC through stock ownership, (iv) the Non-U.S. Holder is not a bank receiving interest described in Section 881(c)(3)(A) of the Code and (v) the Non-U.S. Holder provides a properly completed U.S. Internal Revenue Service (“**IRS**”) Form W-8. If a Non-U.S. Holder fails to satisfy any of these requirements, payments of interest and OID on the UCC Notes will be subject to U.S. withholding tax at a rate of 30 per cent. unless the Non-U.S. Holder timely provides a properly completed IRS Form W-8 appropriate to the Non-U.S. Holder’s circumstances claiming an exemption from or reduction in withholding under an applicable income tax treaty and complies with any other applicable procedures.
- (b) A Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on any gain realised upon the sale or retirement of a UCC Note or Coupon (including upon redemption), although any amount attributable to accrued interest will be treated as described above under paragraph (a).
- (c) A UCC Note held by an individual who is a Non-U.S. Holder at the time of death will not be subject to U.S. federal estate tax as a result of the individual’s death if (i) at the time of the individual’s death payments with respect to the UCC Note would not have been effectively connected with a U.S. trade or business of the individual, and (ii) with respect to UCC Notes with a maturity of more than 183 days, (A) the holder did not own, actually or constructively, 10 per cent. or more of the total combined voting power of all classes of stock of UCC entitled to vote, and (B) the UCC Note does not provide for any Contingent Payments.

Withholding of Tax on Guarantor Payments

Payments made by UNUS in its capacity as Guarantor with respect to PLC Notes or UFN Notes generally will not be subject to U.S. federal withholding tax.

Backup Withholding and Information Reporting

Unless the payor has actual knowledge or reason to know that the holder or beneficial owner, as the case may be, is a United States person (as defined in the Code), payments of principal, OID, and interest on UCC Notes made to a Non-U.S. Holder will not be subject to backup withholding, provided the Non-U.S. Holder provides the payor with a valid IRS Form W-8, but interest and OID paid on UCC Notes with a maturity of more than 183 days may be reported to the IRS as required under applicable regulations. Any amounts withheld under the backup withholding rules may be allowed as a credit against the Non-U.S. Holder’s U.S. federal income tax liability and may entitle the Non-U.S. Holder to a refund, provided that the required information is furnished to the IRS in a timely manner.

Non-U.S. Holders should consult their tax advisers regarding the application of information reporting and backup withholding to their particular situations, the availability of an exemption therefrom, and the procedure for obtaining an exemption, if available.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the Code commonly known as FATCA, U.S. federal withholding tax at a rate of 30% may be imposed on payments of (i) U.S. source interest (and certain other types of U.S. source income), and (ii) the gross proceeds (including principal repayments) from the sale or other disposition of an obligation that produces U.S. source interest, in each case, made to persons that fail to meet certain certification, reporting, or related requirements. Proposed Treasury regulations provide that no withholding under FATCA will be required with respect to payments of gross proceeds from the sale, exchange or other disposition of obligations that produce U.S. source interest (such as the UCC Notes). In the preamble to the proposed regulations, the United States Treasury Department indicated that taxpayers may rely on these proposed regulations until the issuance of the final regulations. Accordingly, payments attributable to accrued interest are generally subject to 30% withholding under FATCA when made to persons (including intermediaries through which UCC Notes are held) that fail to meet the applicable certification, reporting or related requirements. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the UCC Notes. In the event any withholding or deduction would be required pursuant to FATCA or an IGA with respect to payments on the UCC Notes, no person would, pursuant to the Terms and Conditions of UCC Notes, be required to pay additional amounts as a result of the withholding or deduction.

SUBSCRIPTION AND SALE

Subject to all legal and regulatory requirements, Notes may be sold from time to time by an Issuer to any one or more of Banco Bilbao Vizcaya Argentaria, S.A., Banco Santander, S.A., BNP Paribas, BofA Securities Europe SA, Citigroup Global Markets Europe AG, Deutsche Bank AG, London Branch, Goldman Sachs Bank Europe SE, HSBC Bank plc, HSBC Continental Europe, J.P. Morgan Securities plc, J.P. Morgan SE, Merrill Lynch International, Mizuho International plc, Mizuho Securities Europe GmbH, Morgan Stanley & Co. International plc, Morgan Stanley Europe SE, NatWest Markets Plc and Standard Chartered Bank (for the purposes of this section “Subscription and Sale”, the “**Dealers**”) or to any other person. The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, Dealers and any other person are set out in a dealer agreement dated 22 July 1994, as most recently supplemented on 16 May 2023 (the “**Dealer Agreement**”) and made between the Issuers, the Guarantors, the Arranger (named therein) and the Dealers as such agreement may be amended or supplemented from time to time. Any such agreement will, *inter alia*, make provision for the form and commercial terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealers and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. Such agreement may also be on a fully underwritten basis. The Dealer Agreement makes provision for the resignation or removal of existing Dealers and the appointment of additional or other Dealers from time to time by UFN, UCC and PLC either generally for the Programme or in relation to a particular issue of Notes (including as a manager in relation to a particular underwritten issue of Notes). Such dealers may include institutions in jurisdictions in which a local Dealer is required for compliance with applicable legal or regulatory requirements for Notes denominated or payable in, or linked to, the currency of that jurisdiction. The Dealers have represented and agreed as set out below. Each further dealer under the Programme and each manager in relation to Notes issued on an underwritten basis will be required to represent and agree in similar terms, save as otherwise agreed with the relevant Issuer in relation to the particular issue of Notes.

The United States of America

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from, or not subject to, the registration requirements of the Securities Act and all applicable state securities laws. Each Dealer has represented and agreed that it has not offered, sold or delivered Notes and will not offer, sell or deliver Notes: (i) as part of the distribution of Notes at any time, or (ii) otherwise until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part in the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 of Regulation S under the Securities Act, or pursuant to an available exemption from the registration requirements of the Securities Act. Accordingly, each Dealer has also represented and agreed that it, its affiliates and any persons acting on its or any of its affiliates’ behalf have not engaged and will not engage in any directed selling efforts with respect to the Notes, and it, its affiliates and any persons acting on its or any of its affiliates’ behalf have complied and will comply with the offering restrictions requirements of Regulation S. Each Dealer has agreed that, at or prior to confirmation of sale of the Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration in respect of the Notes offered or sold, that purchases Notes from such Dealer prior to the expiration of the 40 day distribution compliance period a confirmation or notice to substantially the following effect:

“The Notes covered hereby have not been registered under the U.S. Securities Act of 1933, as amended (the “**Securities Act**”), and may not be offered or sold in the United States or to, or for the account or benefit of, U.S. persons (i) as part of the distribution of Notes at any time, or (ii) otherwise

until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meaning given to them by Regulation S.”

In addition, until 40 days after the completion of the distribution of all Notes of the Tranche of which such Notes are a part, an offer or sale of Notes in the United States by a dealer that is not participating in the offering may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an exemption under the Securities Act.

Terms in the preceding three paragraphs have the meanings given to them by Regulation S.

The Notes have not been and will not be registered with, recommended by or approved by the U.S. Securities and Exchange Commission (the “SEC”) or any other federal or state securities commission or regulatory authority, nor has the SEC or any such state securities commission or authority passed upon the accuracy or the adequacy of this Information Memorandum. Any representation to the contrary is a criminal offense.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered in the United States or its possessions or to U.S. persons, except in certain transactions permitted by U.S. Treasury regulations. Accordingly, each Dealer has represented and agreed that:

- (1) except to the extent permitted under U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code (“TEFRA D”)), (a) it has not offered or sold, and during the restricted period will not offer or sell, Notes to a person who is in the United States or its possessions or to a United States person, and (b) it has not delivered and will not deliver in the United States or its possessions definitive Notes that are sold during the restricted period;
- (2) it has and throughout the restricted period will have in effect procedures reasonably designed to ensure that its employees or agents who are directly engaged in selling Notes are aware that such Notes may not be offered or sold during the restricted period to a person who is in the United States or its possessions or to a United States person, except as permitted by TEFRA D;
- (3) if it is a United States person, it is acquiring Notes for purposes of resale in connection with their original issuance and if it retains the Notes for its own account, it will only do so in accordance with the requirements of U.S. Treas. Reg. Section 1.163-5(c)(2)(i)(D)(6) (or any successor rules in substantially the same form that are applicable for purposes of Section 4701 of the Code);
- (4) with respect to each affiliate that acquires from it Notes for the purpose of offering or selling such Notes during the restricted period, the Dealer repeats and confirms the representations and agreements contained in clauses (1), (2) and (3) on each such affiliate’s behalf; and
- (5) it has not and will not enter into any written contract (other than a confirmation or other notice of the transaction) pursuant to which any other party to the contract (other than one of its affiliates or another Dealer) has offered or sold, or during the restricted period will offer or sell, any Notes, except where pursuant to the contract the Dealer has obtained or will obtain from that party, for the benefit of the Issuer and the several Dealers, the representations contained in, and that party’s agreement to comply with, the provisions of clauses (1), (2), (3) and (4).

Terms used in this paragraph have the meanings given to them by the Code and U.S. Treasury regulations promulgated thereunder, including TEFRA D.

Prohibition of Sales to EEA Retail Investors

For the purposes of this provision, the expression “retail investor” means a person who is one (or more) of the following:

- (ii) a customer within the meaning of Directive (EU) 2016/97 (the “**Insurance Distribution Directive**”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Prohibition of Sales to UK Retail Investors

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes which are the subject of the offering contemplated by this Information Memorandum as completed by the Final Terms in relation thereto to any retail investor in the United Kingdom. 7. **Legal Proceedings**

During 2004, and in common with many other businesses operating in Brazil, one of the Group's Brazilian subsidiaries received a notice of infringement from the Federal Revenue Service in respect of indirect taxes regarding corporate reorganisation. The notice alleges that a 2001 reorganisation of our local corporate structure was undertaken without a valid business purpose. The 2001 reorganisation was comparable with restructurings done by many companies in Brazil. The original dispute was resolved in the courts in the Group's favour. However, in 2013 a new assessment was raised in respect of a similar matter. Additionally, during the course of 2014 and between 2017 and 2022, other notices

of infringement were issued based on the same grounds argued in the previous assessments. The total amount of the tax assessments in respect of this matter is €3,292 million.

The Group believes that the likelihood that the Brazilian tax authorities will ultimately prevail is low, however there can be no guarantee of success in court. In each case the Group believes its position is strong, so they have not been provided for and are considered to be contingent liabilities. Due to the fiscal environment in Brazil, the possibility of further tax assessments related to the same matters cannot be ruled out. The Group expects that tax litigation cases related to this matter may move from the Administrative to the Judicial Courts, although the exact timing is uncertain. In such case, the Group will be required to make a judicial deposit or provide a guarantee in respect of the disputed tax, interest and penalties. The judicial process in Brazil is likely to take a number of years to conclude.

Save for the disclosures above in this paragraph 7, there are no governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuers or Guarantors are aware) in the 12 months preceding the date of this document which may have, or have had in the recent past, a significant effect on the financial position or profitability of any Issuer or any Guarantor or the Unilever Group.

11. For the period of 12 months after the date of this Information Memorandum, copies and, where appropriate, English translations of the following documents will be available for inspection at <https://www.unilever.com/investor-relations/debt-investors/unilever-european-bond-programme/>:
 - (a) an accurate English translation of the Articles of Association of UFN, the Articles of Association of PLC, the Certificate of Incorporation and By-Laws of UCC and the Certificate of Incorporation and By-Laws of UNUS (for the avoidance of doubt, the Dutch version of the Articles of Association of UFN shall prevail in the event of any inconsistency between it and its English translation);
 - (b) the Trust Deed;
 - (c) this Information Memorandum, any future information memoranda, offering circulars, prospectuses and supplements to this Information Memorandum and any other documents incorporated herein or therein by reference; and
 - (d) the Final Terms for each Tranche of Notes.
12. This Information Memorandum has been approved by the AFM, as competent authority under the Prospectus Regulation on 16 May 2023. The AFM only approves this Information Memorandum as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of either the Issuers, the Guarantors or the quality of the securities that are the subject of this Information Memorandum. Investors should make their own assessment as to the suitability of investing in the Notes. Application has been made to Euronext Amsterdam N.V. for Notes (other than Exempt Notes) issued under the Programme during the period of 12 months from the date of this document to be admitted to trading on Euronext Amsterdam which is a regulated market for the purposes of MiFID II. The Programme also permits Notes to be admitted to listing and trading on the Stock Exchange of Hong Kong and/or the Singapore Exchange.
13. The Notes have been accepted for clearance through Euroclear and Clearstream, Luxembourg. The appropriate common code and the International Securities Identification Number (“ISIN”) in relation to the Notes of each Series will be identified in the Final Terms relating thereto. The relevant Final Terms shall specify any other clearing system as may from time to time accept the relevant Notes for clearance.
14. In respect of Notes represented by a global Note issued in NGN form or a global Certificate issued in NSS form, the nominal amount of such Notes shall be the aggregate amount from time to time entered in the records of both Euroclear and Clearstream, Luxembourg. The records of Euroclear and Clearstream, Luxembourg shall be conclusive evidence of the nominal amount of such Notes and a statement issued by Euroclear and/or Clearstream, Luxembourg shall be conclusive evidence of the records of such parties at that time. The NGN form and NSS form have been introduced to allow for the possibility of debt instruments being issued and held in a manner which will permit them to be recognised as eligible collateral for monetary policy of the central banking system for the euro (the “Eurosystem”) and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. However in any particular case such recognition will depend upon satisfaction

of the Eurosystem eligibility criteria at the relevant time. Investors should make their own assessment as to whether the Notes meet such Eurosystem eligibility criteria.

15. Each of the Issuers has entered or will enter into an agreement with Euroclear and Clearstream, Luxembourg (the “**ICSDs**”) in respect of any Notes issued in NGN form that the Issuer may request be made eligible for settlement with the ICSDs (each, an “**ICSD Direct Agreement**”). The ICSD Direct Agreement sets out that the ICSDs will, in respect of any such Notes, *inter alia*, maintain records of their respective portion of the issue outstanding amount and will, upon an Issuer’s request, produce a statement for such Issuer’s use showing the total nominal amount of its customer holding for such Notes as of a specified date.
16. The listing and trading of the Programme on Euronext Amsterdam is expected to take effect on or around 16 May 2023. However, Notes may be issued pursuant to the Programme which will be admitted to the Stock Exchange of Hong Kong and/or the Singapore Exchange.
17. Copies of recent press releases and details of recent developments are published on PLC’s website at www.unilever.com. Information contained on the PLC’s website does not form part of this Information Memorandum and may not be relied upon in connection with any decision to invest in the Notes.
18. None of the Issuers or Guarantors intends to provide any post-issuance information in respect of any issue of Notes.
19. Certain of the Dealers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the Issuers and their affiliates in the ordinary course of business. Certain of the Dealers and their affiliates may have positions, deal or make markets in the Notes issued under the Programme, related derivatives and reference obligations, including (but not limited to) entering into hedging strategies on behalf of the Issuers and their affiliates, investor clients, or as principal in order to manage their exposure, their general market risk, or other trading activities.

In addition, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or the Issuer’s affiliates. Certain of the Dealers or their affiliates that have a lending relationship with the Issuers routinely hedge their credit exposure to the Issuers consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. Any such positions could adversely affect future trading prices of Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Intended to be held in a manner which would allow Eurosystem eligibility:

[Yes. Note that the designation "yes" simply means that the Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper [(and registered in the name of a nominee of one of the ICSDs acting as common safekeeper)] [include this text for registered notes] and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been

met.]/

[No. Whilst the designation is specified as “no” at the date of these Final Terms, should the Eurosystem eligibility criteria be amended in the future such that the Notes are capable of meeting them the Notes may then be deposited with one of the ICSDs as common safekeeper [(and registered in the name of a nominee of one of the ICSDs acting as common safekeeper) [include this text for registered notes]. Note that this does not necessarily mean that the Notes will then be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem at any time during their life. Such recognition will depend upon the ECB being satisfied that Eurosystem eligibility criteria have been met.]
